Tips for shooting a great video.

- #1. RECORD YOUR VIDEO IN LANDSCAPE MODE, NOT PORTRAIT MODE.
- #2. If you are speaking or singing, please project your voice so our viewers can hear you clearly.
- #3. Do not use profanity or any language or behavior in your submission that could be seen as not reflecting the core values of The United States Army. Any use of vulgar language or behavior is grounds for immediate disqualification.
- #4. Keep submissions less than 3:00 in length if possible.
- #5. BE AMAZING.
