The School Liaison Officer (SLO) is available to coordinate and assist school-age children and youth of military parents with educational opportunities and information necessary to achieve academic success. The SLO works in partnership with local schools to help enhance the educational experience and to serve as a conduit of information. The SLO is committed to improving the military child's school transition and experience while sustaining both positive relationships and open communication between the military and the school community.

The regulations and procedures enclosed in this handbook were revised for the academic year through the Fort Bliss Process Action Team, which is comprised of Military Leadership, Military Parents and School Administrators from the Anthony, Canutillo, Clint, El Paso, Fabens, San Elizario, Socorro, Tornillo, Ysleta and Gadsden New Mexico School District.

Interstate Compact on Educational Opportunities for Military Children

WHAT PARENTS, SCHOOLS AND ADMINISTRATORS SHOULD KNOW:

What is the Interstate Compact on Educational Opportunities for Military Children?

The Compact deals with the challenges of military children and their frequent relocations. It allows for uniform treatment as military children transfer between school districts in member states. Each member state must adopt the Compact through legislation. Each Compact state will appoint representation to an on-going governing Commission which will enact necessary rules. The Compact calls for the development of State Councils in each member state. Each State Council may be tasked with development of policy concerning operations and procedures of the compact within the state.

Students are covered under the compact

A student enrolled in K-12 in the household of a full-time duty status in the active uniformed service of the United States, including members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211.

Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one year after medical discharge or retirement.

Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one year after death.

Students are not covered under the compact

The compact does not apply to children of:

Inactive members of the national guard and military reserves

Members of the uniformed services now retired not covered in the above

Veterans of the uniformed services not covered in the above

Other U.S. Department of Defense personnel and other federal agency civilian and contract employees not defined as active duty members of the uniformed services.

Data the school should expect the military child/family to be able to provide upon transfer

Official military orders showing that the military member was assigned to the state (or commuting area) of the state in which the child was previously duly enrolled and attended school.

If a military child was residing with a legal guardian and not the military member during the previous enrollment they will have a copy of the family care plan, or proof of guardianship, as specified under the Interstate Compact, or any information sufficient for the receiving district to establish eligibility under the compact.

A transcript, *official or unofficial*, or an official letter from the proper school authority which shows record of attendance, academic information, and grade placement of the student.

Documented evidence of immunization against communicable disease.

Evidence of date of birth.

RESPONSIBILITIES OF THE SENDING / RECEIVING SCHOOL

"Receiving state": the state to which a child of a military family is sent, brought, or caused to be sent or brought.

"Sending state": the state from which a child of a military family is sent, brought, or caused to be sent or brought.

Educational and Enrollment Records

Unofficial or "hand-carried" education records

Custodian of Records sends unofficial records to parents.

School shall enroll and appropriately place student pending validation of official records.

Official Education Records/Transcripts

Receiving state shall request student's official education records from sending state.

Sending state's school will furnish official education records within ten (10) days or reasonably determined time promulgated by the Interstate Commission.

Immunization

Student is given thirty (30) calendar days from the date of enrollment.

Series Immunization.

For a series of immunizations, initial vaccinations must be obtained within thirty (30) calendar days.

Kindergarten and First Grade Entry Age

Receiving state shall allow student to continue their enrollment at grade level from sending state and promote student that satisfactorily completed prerequisite grade level in sending state, regardless of age.

Student transferring after school year starts shall enter school at the same grade and course level from accredited sending school state.

RESPONSIBILITIES OF THE SENDING / RECEIVING SCHOOL (CONT.)

"Receiving state": the state to which a child of a military family is sent, brought, or caused to be sent or brought.

"Sending state": the state from which a child of a military family is sent, brought, or caused to be sent or brought.

Graduation

Waiver Requirements

Specific required courses shall be waived if similar course work has been satisfactorily completed.

If waiver is denied, LEA shall provide an alternative means of acquiring required coursework so child may graduate on time.

Exit Exams

States shall accept:

Exit or End-of-Course exams.

National Norm-Referenced Achievement Test.

Alternative Testing.

If the above alternatives cannot be accommodated then the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency.

Transferring beginning or during senior year:

If student is ineligible to graduate after all alternatives have been considered, the sending and receiving LEAs shall ensure the receipt of a diploma if student meets graduation requirements of sending LEA..

If one of the states in question is not a member of the Compact, the member state shall use best efforts to facilitate the on-time graduation in accordance with the Waiver Requirements and Exit Exams.

Placement and Attendance

Course Placement

Receiving school shall honor placement based on student's previous enrollment and/or educational assessments.

Receiving school not barred from performing subsequent evaluations to ensure appropriate placement and continued enrollment.

Educational Program Placement

Receiving school shall honor placement based on current educational assessments.

Receiving school not barred from performing subsequent evaluations to ensure appropriate placement.

Special Education Services

Comply with IDEA.

Shall provide comparable services based on his/her current IEP.

Comply with Section 504 and Title II of the Americans with Disabilities Act.

Shall make reasonable accommodations and modifications of incoming students with disabilities.

Receiving school not barred from performing subsequent evaluations to ensure appropriate placement.

Placement Flexibility

LEA officials shall have flexibility in waiving course/program prerequisites.

Absence as Related to Deployment Activities

Shall be granted additional excused absences at the discretion of LEA superintendent.

Eligibility for Enrollment

Special power of attorney or relative with guardianship of child can enroll a child.

LEA shall not charge local tuition when a transitioning military child resides in a jurisdiction other than that of the custodial parent.

Transitioning military child may continue to attend school in which he/she was enrolled.

Transitioning military children shall have the opportunity to participate in extracurricular activities, if qualified, regardless of application deadlines.

Where can you get support to help in this process?

Member states each have a State Council designed to serve as an advisory body of state policy makers concerning operations and procedures of the compact. Individual states' language may differ but all operate with in the rules of the Interstate Compact.

For additional resources and assistance, contact your school district, school liaison officer, State Commissioner or visit our website at: <http://www.mic3.net>

EL PASO AREA SCHOOL DISTRICTS

The El Paso area school districts offer a wide variety of schools and school programs; they believe in providing students with meaningful, multi-faceted instructional opportunities and preparing them to make positive choices for themselves and their community. The following school districts are listed by their proximity to Fort Bliss.

El Paso Independent School District (EPISD) - is the largest school district in the El Paso area with 60,000 at 92 campuses that stretch from west El Paso to the northeast, central and east areas of the city. EPISD is the district which has the most military-connected students in attendance. EPISD follows a traditional school year calendar.

6531 Boeing Dr. El Paso, Texas 79925

(915) 230-2000

<https://www.episd.org>

Mission Statement

The El Paso Independent School District graduates every student prepared for higher learning and careers to empower them as knowledgeable and engaged citizens, innovators, and drivers of a robust, bicultural economy.

The following five EPISD schools are located on federal property:

SCHOOL	GRADE	ADDRESS	PHONE

Special Programs in the El Paso School district:

Whether it is your ambition to build robots and design bridges, work in law enforcement as a federal agent, study international business with dual language capabilities, enhance your college degree while in high school, or unlock the secrets of healing within the human body, EPISD has a high school program for you! Review the information below to help you choose the high school program that is right for you.

➤ **Andress High School**
The International Baccalaureate Programme
(915) 236-4059

The magnet program at Andress High School requires student and parent commitment to rigorous, challenging, and comprehensive college level course work, including committing to a two year program and taking content classes in English, math, science, history, foreign language, and offered magnet elective courses. Students are expected to participate in the Theory of Knowledge (ToK) course and the Creativity, Activity, and Service (CAS) program. Students will also take course content final exams (written and graded by the outside organization) complete an extended Essay of 4000 words (begun in year one), and attend mandatory AVID/study skills and tutoring.

Requirements:

- Minimum 85% cumulative GPA in core content areas and foreign language
- Meet STAAR minimum standards
- 90% attendance rate
- Satisfactory discipline record
- One Teacher Recommendation

Application:

Applications considered year-round for military students.

➤ **Austin High School**

Panther New Tech at the Sandra Day O'Connor Criminal Justice and Public Service Academy (SDOA)

(915) 236-4200

The Panther New Tech Public Service Program is an educational program of pathways into Law Enforcement, Legal Studies and Firefighting & Emergency Medical Services. The cornerstone of SDOA – Panther New Tech learning is student engagement, immersion into Public-Service focused instruction through Project-Based Learning (PBL). New Tech schools leverage what research shows about how people learn to create an exceptional teaching and learning environment.

Requirements:

- Minimum 70% cumulative GPA in core content areas
- Meet STAAR minimum standards
- 90% attendance rate
- Satisfactory discipline record

Application:

Applications considered year-round for military students.

➤ **Bowie High School**

International Business Academy

(915) 236-7004

The International Business Academy at Bowie High School offers students a once in a lifetime opportunity to pursue course work in both business and marketing. The Academy combines the personalized attention of a select magnet with all the programs offered at a four-year high school.

Requirements:

- Minimum 80% cumulative GPA in core content areas
- Meet STAAR minimum standards
- 90% attendance rate
- Satisfactory discipline record

Application:

Applications considered year-round for military students.

➤ **Bowie High School**

Oso New Tech

(915) 236-7000

The cornerstone of Oso New Tech learning is student engagement, exposure to innovation and culture through instruction infused with Arts and Humanities, and learning that models real-world contexts through Project-Based Learning (PBL). Oso New Tech aims to closely align high school curriculum with admission requirements of competitive colleges and qualifications for 21st century jobs. New Tech schools leverage what research shows about how people learn to create an exceptional teaching and learning environment. New Tech schools create a rigorous and engaging high school experience that features Project-based learning (PBL), a seamless use of technology, and a positive and empowering school culture.

Requirements:

- None. All students are considered.

Application:

Applications considered year-round for military students.

➤ **Burges High School**

Early College

(915) 780-1100

Burges Early College High School is an educational opportunity provided through the collaboration of the El Paso Independent School District, El Paso Community College, and the Texas Education Agency. This school wide concept is a first of its kind within El Paso County, as it promotes advanced coursework for college credit while providing a school atmosphere that encourages students to participate in extracurricular activities. It is designed to provide students the opportunity to begin college during the ninth grade. This program enables students to progress in four years from the ninth grade through the first two years of college earning both their HB5 high school diploma and an Associate of Arts from El Paso Community College. Students are a part of the Burges family, able to participate in high school activities and extra-curricular program throughout their four years in high school. Under this model, BECHS provides dual credit at no cost to students; offers rigorous instruction and accelerated courses; provides academic and social support services to help students succeed; increases college readiness; and reduces barriers to college access.

Requirements:

- Minimum 70% cumulative GPA in core content areas
- Meet STAAR minimum standards
- 90% attendance rate
- Attend a June Summer Bridge program to prepare students for the Texas Success Initiative (TSI) assessment required for enrollment at El Paso Community College Dual Credit program.
- Meet “College Readiness Level” (351-390) on the Reading TSI test by July, to begin dual credit classes.

Application:

Applications considered year-round for military students.

➤ **Chapin High School**

Pre-Engineering Program

(915) 236-4400

The pre-engineering program at Chapin High School introduces students to the scope, rigor, and discipline of engineering and engineering technology prior to entering college. EPISD has partnered with Project Lead the Way to provide a four-year sequence of courses that provide both theory and application, giving students meaningful, hands-on experience in problem solving, team- work, and project-based learning.

Requirements:

- Minimum 85% cumulative GPA in core content areas
- Meet STAAR minimum standards
- 90% attendance rate
- Satisfactory discipline record
- Summer School usually recommended for speech/health credits
- One Teacher Recommendation from 8th grade Math or Science teacher

Application:

Applications considered year-round for military students.

➤ **Coronado High School**

The International Baccalaureate Programme

(915) 236-2015

The International Baccalaureate Programme meets the highest standards required of any high school student in the world. This prestigious program offers a rigorous, comprehensive curriculum in the junior and senior years of high school. The International Baccalaureate Programme at Coronado High School also requires that students complete preparatory IB classes in the ninth and tenth grades. Upon successful completion of the IB program, students can earn the prestigious IB Diploma in addition to the Texas Distinguished Achievement Diploma.

Requirements:

- Minimum 85% cumulative GPA in core content areas and foreign language
- Meet STAAR minimum standards
- 90% attendance rate
- Satisfactory discipline record
- Two Teacher Recommendations

Application:

Applications considered year-round for military students.

➤ **El Paso High School**

Dual Language Magnet – T-STEM Academy – AP Capstone Program

(915) 236-2500

The Dual Language Curriculum at El Paso High School is a social science, Pre-AP- and AP- based curriculum. Delivery of instruction is 50% in Spanish and 50% in English, as a means to produce bilingual, bi-literate and bi-cultural students. Students can graduate with up to 36 Spanish college credits as well as receive an advanced Seal of Bi-literacy endorsement. The El Paso High School T-STEM Academy provides a forward thinking and rigorous technology-based curriculum that fosters creative and critical thinking in the areas of science, technology, engineering and math. The AP Capstone program cultivates curious, independent and collaborative scholars and prepares them to make logical, evidence-based decisions; skills that are increasingly valued by colleges. Students can congruently earn college credit from the University of Texas at Austin.

Requirements:

- Minimum 85% cumulative GPA in core content areas
- Meet STAAR minimum standards
- 90% attendance rate
- Satisfactory discipline record
- One Teacher Recommendation
- Completion or enrollment in Pre-AP Spanish 3 or AP Spanish 4

Application:

Applications considered year-round for military students.

➤ **Franklin High School**

Cougar New Tech Academy

(915) 236-2414

The Cougar New Tech Academy at Franklin High School enables teachers and students to re-imagine teaching and learning. The smart use of technology supports a culture of innovation as well as a different approach to classroom instruction. All classrooms have one-to-one technology with web-enabled computers

and the latest in collaborative learning technology to ensure students become self-directed learners without the need of textbooks for knowledge and direction.

Requirements:

- None. All students are considered.

Application:

Applications considered year-round for military students.

➤ **Irvin High School**

Rocket New Tech at Irvin High School

T-STEM Academy for Science, Technology, Engineering and Mathematics

(915) 236-4600

The cornerstone of the STEM (Science, Technology, Engineering, Math) academy learning is student engagement, exposure to innovation and design in STEM focused instruction, and learning that models real-world contexts through Project-Based Learning (PBL). The TSTEM initiative aims to align high school curriculum with admission requirements of competitive colleges and the STEM qualifications for 21st century jobs. STEM pathways @ Rocket New Tech include Electronics & Engineering, Biotechnology, Robotics, 5 year Math, & 5 year Science.

Requirements:

- None. All students are considered.

Application:

Applications considered year-round for military students.

➤ **Silva Magnet High School**

Health Care Professions Magnet High School

(915) 236-7600

Silva Magnet High School focuses on medical health care professions while preparing students for greater career exploration and opportunities to obtain certifications as an LVN, CNA, Pharmacy Technician or Physical Therapy Assistant. Students explore rigorous academics at the Pre AP, AP and Dual Credit levels, as they prepare to meet the challenges of top colleges and universities.

Requirements:

- Minimum 85% cumulative GPA in core content areas
- Meet STAAR minimum standards
- 90% attendance rate
- Satisfactory discipline record

Application:

Applications considered year-round for military students.

➤ **Transmountain Early College High School**

Early College

(915) 236-5000

The Transmountain T-STEM Early College High School is an educational opportunity provided through the collaboration of the El Paso Independent School District, the El Paso Community College, Educate Texas and the Texas Education Agency. The school redefines the typical comprehensive high school experience into an academically oriented small school setting housed on the Transmountain campus of the El Paso Community College where students are provided advanced coursework that enables them to attain an Associate's Degree while completing his/her high school diploma.

Requirements:

- Minimum 70% cumulative GPA in core content areas
- Meet STAAR minimum standards
- 90% attendance rate
- Must attend and participate in an Essay Writing activity
- Must go through an interview process
- Must attend a two-week Summer Bridge

Application:

Applications considered year-round for military

CENTER FOR CAREER

➤ **CENTER FOR CAREER AND TECHNOLOGY EDUCATION**

The Center for Career and Technology Education has a mission to prepare students with a marketable skill. Students are enrolled at their home campuses, but attend career and technology education classes half-day at the center. Eligibility requirements must be met. Transportation is provided by the district. School Counselor's telephone number (915) 236-7900.

School Locator

Schools can be located at <https://www.episd.org>, click on "Schools" and enter address information.

Advanced and Gifted and Talented Programs

The El Paso Independent School District provides program options throughout the District that reinforce the strengths, needs and interests of gifted and talented students. Curriculum and instruction for gifted students are differentiated by modifying the depth, complexity, and pacing of the general school program. The identification of gifted and talented students is conducted by a committee of professional educators at each campus. The process includes nomination, screening and the appropriate placement of students.

Identification of Gifted and Talented

Students are qualified for gifted services by campus GT Screening Committees. Screening is conducted through a case study approach based on five criteria: 1. Nonverbal Aptitude Test–Toni 3/Raven; 2. Parent Checklist; 3. Cumulative Grade Average; 4. Behavioral Characteristics Log; 5. Classroom Assessment Activity (tasks for creative thinking, critical thinking, problem solving).

Elementary Gifted Programs:

✚ **Connections K-3** (offered at all elementary campuses) - The curriculum for the gifted program, grades K-3 consists of thematic units aimed at developing higher-level thinking skills. This curriculum provides young gifted students the opportunity to develop emerging skills in the four core areas, creativity, leadership, and the fine arts. Problem solving and original product development are emphasized within this daily pullout program.

✚ **Connections 4/5** (offered at Beall, Bond, Bradley, Burnet, Cielo Vista, Coldwell, Cooley, Crosby, Green, Guerrero, Kohlberg, Lundy, Mesita, Park, Roberts, Tippin, and White; the remaining elementary schools offer the Schoolwide Enrichment Program.) The Connections program is built around the examination of universal themes and integrates the study of social studies, literature, writing, and the fine arts. Math and science activities are correlated to the novel studies. Students develop advanced-level products and presentations. The curriculum is aligned to state standards and delivered using Dr. Sandra Kaplan's Model of Depth and Complexity and the National Association for Gifted Children's Parallel Curriculum.

✚ **Schoolwide Enrichment 4/5** (offered at selected elementary sites) - The School wide Enrichment program offers differentiated learning opportunities for cluster groups of gifted and talented students within a heterogeneous classroom setting. Students are provided opportunities to work with curricular units built around universal themes that integrate math, science, social studies, and language arts. Advanced-level products and presentations are developed as part of the program.

✚ **The Connecting Worlds/Mundos Unidos** (offered at Mesita) - This gifted and talented dual language immersion magnet program integrates second language acquisition and gifted and talented strategies. Gifted English Language Learners and gifted Spanish Language Learners are served with the goals of achieving high academic excellence and dual language proficiency.

Middle School Programs:

➤ **Humanities** (offered at all middle school campuses)

The Humanities gifted program is built around the examination of universal themes and integrates the study of history, literature, writing, and the fine arts. The curriculum is aligned to the state standards and delivered using Dr. Sandra Kaplan's Model of Depth and Complexity through the National Association for Gifted Children's Parallel Curriculum. Features of the program include the use of technology and the development of professional quality products and presentations. Students must be qualified as gifted and talented to take this course.

➤ **Science Technology** (offered at all middle school campuses)

The Science Technology gifted program focuses on the state and national science standards through the Kaplan Model of Depth and Complexity and the National Association for Gifted Children's Parallel Curriculum. Hands-on experiences and inquiry-based labs prepare students for advanced-level high school science courses. Appropriate instructional strategies and computer technology promote the use of independent inquiry processes to solve complex scientific problems. Students must be qualified as gifted and talented to take this course.

➤ **GT Advanced Math** (offered at all middle school campuses)

GT Advanced Math courses are accelerated beginning in 6th grade, providing differentiation through depth and complexity and opportunities for students to develop advanced-level math products and presentations. The students will complete Algebra 1 in 8th grade. Four years of math TEKS are compressed into three years of instruction to ensure all math standards are learned conceptually. A strong foundation for the rigorous study of mathematics at the high school and college levels is established. Students must be qualified as gifted and talented to take this course.

➤ **Connecting Worlds/Mundos Unidos Magnet** (offered at Wiggs)

This gifted and talented dual language immersion magnet program integrates second language acquisition and gifted and talented strategies. Gifted English Language Learners and gifted Spanish Language Learners are served with the goals of achieving high academic excellence and dual language proficiency. Students must be qualified as gifted and talented to take this course.

➤ **Pre-AP Science and Math**

These middle school courses are **open enrollment for all interested students** who are willing to commit to the rigor of the course. The courses use standards based curriculum that focuses on a level of rigor and discipline-specific content and skills needed to prepare students for success in AP and Dual Credit coursework. The project-based curriculum focuses on the "Four C's" of essential skills: **Critical Thinking, Creativity and Innovation, Communication, and Collaboration.**

* If an incoming student was placed in a GT program in their previous school, parents must bring ALL student documentation from that school to EPISD. EPISD Verification Forms are available at the school campus. For further information please call Counseling, Advising and College Readiness Services at (915) 230-2381.

High School Programs:

❖ Pre-AP/AP (Pre-Advanced Placement/Advanced Placement)

Pre-AP Courses in EPISD

- EPISD uses the AP courses as one of the means to serve gifted and talented students in the high school. Teachers differentiate for gifted students in the Pre-AP/AP courses differentiating the curriculum through depth, complexity, and pacing.
- Pre-AP courses, generally taught in grades 8-10, prepare students by teaching subject-specific AP strategies that provide students with the background they need to be successful in AP courses. Although highly rigorous and demanding, ***Pre-AP and AP courses are all open enrollment, with no entrance requirements.*** Any student who feels ready for the challenge is allowed to register for these courses.

Benefits of AP Courses

Through AP's college-level courses and passing the AP exam at the end of the course, (typically 11/12 grade) students can earn college credit and advanced placement, stand out in the admissions process, and learn from some of the most skilled, dedicated, and inspiring teachers in the world.

By taking AP college-level classes and passing the AP exam at the end of the course,

- Receive recognition from more than 3,600 colleges and universities that annually receive AP Exam scores. Over 90% of 4-year colleges in the U.S. provide credit and/or advanced placement for qualifying scores;
- Have time to move into upper-level courses in their field of interest, pursue a double major, or study abroad;
- Design a college experience that suits them and gives the flexibility to get the most out of the student's college years.

Students can also stand out in the college admissions process by:

- Demonstrating maturity and readiness for college;
- Showing their willingness to take the most rigorous courses available;
- Emphasizing their commitment to academic excellence. AP enables students to gain skills that will help them succeed in college.
- Get a head start on college-level work.
- Improve their writing skills and sharpen problem-solving techniques.
- Develop the study habits necessary for tackling rigorous course work. AP also helps students broaden their intellectual horizons by:
 - Becoming part of a community of students and educators who are passionate, curious, and committed to academic excellence;
 - Engaging in intense discussions, solve problems collaboratively, and learn to write clearly and persuasively;
 - Taking AP courses that are developed by leading professors with approved course syllabi through the College Board to reflect and prepare students for the level of learning happening at college throughout the country.

Dual Credit

❖ Dual Credit courses are offered at all EPISD high schools for juniors and seniors in core academic and career and technology areas. The Assistant Principal for Guidance and Instruction at each school is the contact for information and for the registration for dual credit courses. In order to see which dual credit class(es) is available at your school, you can ask the school counselor or speak with the Assistant Principal for Guidance and Instruction.

In order to be enrolled in a dual credit course, the student must be eligible for college credit-bearing courses based on waiting ACT ASPIRE®, PSAT, ACT, SAT, or STAAR end of course scores. Or, a student can take the college placement test, the Texas Success Initiative Assessment, and make the required score for that particular discipline. Once enrolled, the student will earn high school credit for HS graduation, and college course credit that will be reflected on an official college transcript. Each dual credit course can be counted as an indicator on the Distinguished Achievement graduation plan if the final semester grade is no lower than 80%.

Gifted and Talented Independent Studies (offered at selected high schools)

❖ Identified gifted and talented students follow the TEA Student Performance Standards Project guidelines to complete an advanced-level independent study project. Students explore areas of interest through an in-depth investigation and development of a product that reflects entry-level professional quality work. Independent study projects are guided by the classroom teacher and a mentor who is an expert in the field of study. The research product is presented to a panel of judges according to the performance standards. Students who successfully meet the standards earn a Distinguished Achievement Program advanced measure.

Distinguished Level of Achievement (offered at all high schools)

❖ A student may earn the Distinguished Level of Achievement and/or a Performance Acknowledgement for outstanding performance. The Distinguished Level of Achievement opens a world of educational and employment opportunities beyond high school.

Distinguished Level of Achievement will:

- Allow you to compete for Top 10% automatic admission eligibility at any Texas public university.
- Position you among those first in line for a TEXAS Grant* (Must be financially qualified) to help for university tuition and fees; and
- Ensures that the student is a more competitive applicant at the most selective colleges and universities.

Distinguished Level of Achievement:

- Foundation Program requirements
- 4 Credits on math including Algebra II
- 4 Credits in Science
- At least 1 endorsement

Performance Acknowledgements Areas**

- Dual Credit Courses
- Bilingualism and Biliteracy
- PSAT, ACT, ASPIRE®, SAT or ACT
- Advanced Placement or International Baccalaureate exams
- Earning a state-, nationally-or- internationally-recognized business or industry certification or license

Student entering 9th grade must indicate an endorsement he or she plans to follow.

A student may change or add an endorsement at any time.

A student may graduate without earning an endorsement if, after his or her sophomore year,

The student's parent signs a form permitting the student to omit endorsement requirement.

EPISD Graduation Requirements:

Students graduating from EPISD must meet district and state graduation requirements.

Please visit page 70 to 79, Graduation Toolkit.

For more information on House Bill 5: Foundation High School Program and to download Graduation Toolkit visit: <https://tea.texas.gov/graduation-requirements/hb5.aspx>

EPISD Assessment Office

❖ Main responsibility is to coordinate and provide support for state testing: STAAR 3-8, STAAR EOC, STAAR Alternate 2, TELPAS, and TELPAS Alternate. Campuses are responsible for distributing test results to students/parents, and are encouraged to do so by sharing the information that explains how to log on to the Texas Assessment Management System Student Portal to access scores electronically. Works with campuses to support Credit by Exam testing for credit recovery and acceleration. Students in need of the services offered by the Assessment Office must contact their school administrator or counselor.

For more information please call (915) 230-2722.

Credit by Exam

A student in Grades 1-5 who has had no formal prior instruction will be accelerated one grade if he or she meets the following requirements:

✚ A student scores 80% on a criterion-referenced test for the grade level he or she wants to skip in each of the following areas: language arts, mathematics, science, and social studies. A campus representative recommends that the student be accelerated.

- ✚ The student's parent or guardian gives written approval for the acceleration.
- ✚ Applications are completed at the campus and sent to the Assessment Office.
- ✚ A student in Grades 6-8 must be given credit for an academic subject in which he or she has had no formal instruction if the student scores 80% on a criterion-referenced test for the applicable course. (must pass both parts of the exam with the required score, for two-part exams).
- ✚ A student in grades 9-12 must be given credit for an academic subject in which he or she has had no prior formal instruction if the student scores 80%. The passing grade for a student who has had prior formal (testing for credit recovery) is 70%.
- ✚ If the student passes the exam, credit will be awarded and the score from the subject area test will be posted on the cumulative record. The score **WILL NOT** be averaged into the GPA.

Athletic Programs

EPISD belongs to the University Interscholastic League (UIL). UIL is an organization which establishes rules and regulation for all public school athletic programs in the state of Texas. As members of UIL EPISD abides by all established rules and regulations. Physical examinations **MUST** be conducted by a US licensed physician.

All EPISD high schools and middle schools offer athletic programs:

- **High Schools offer:** Football, Volleyball, Cross Country, Basketball, Track, Baseball, Softball, Soccer, Golf, Swimming, Tennis and Wrestling.
- **Middle Schools offer:** Football, Volleyball, Basketball, Soccer, Cross-Country, Wrestling and Track and for 7th and 8th grade students.

UIL Transfer Rules and Regulations

1. Students may not transfer for athletic reasons.
2. Transfer students must complete a previous athletics (PAPF) participation form before they may participate at the varsity level.
3. Students must live in the attendance zone of the school they are attending in order to be eligible immediately for varsity competition. There are waivers and exceptions for special situations.
4. All students participating in our athletic programs must have a current physical exam dated on or after the last Friday in May of a yearly calendar. The physical must be completed on the UIL Physical Form.
5. Physical examinations **MUST** be conducted by a US licensed physician.
6. All students must fill out UIL required paperwork on Rank One prior to participation.

All athletic programs and athletes must abide by the no pass, no play guidelines. Students may practice but must meet academic standards in order to participate in athletic contests. For further information please call (915) 230-2250 or visit www.episd.org/athletics. <https://elpasoisd.rankonesport.com>

Physical Exams Required For Extra-Curricular Activities

EPISD requires a current physical examination for each student participating in the following extra-curricular activities: athletic programs, marching band, and cheerleading. The physical examination must be administered on or after the last Friday in May of a yearly calendar. All participants of the above activities must have the completed and current physical examination on file prior to participation in an athletic class, practice session, or tryout session.

Child Find

Child Find is the process of locating, identifying and referring, as early as possible, all individuals (birth-21 years) who are in need of an Early Intervention Program or Special Education services. To receive

services, the individual must meet the eligibility guidelines outlined in the Individuals with Disabilities Education Act (IDEA) and reside within the boundaries of the El Paso Independent School District. For more information, call or visit your neighborhood public school or call (915) 230-2825.

EPISD In District Transfer Request

EPISD approves Transfer Requests for Students to be allowed to attend schools other than the ones zoned to serve their home addresses. The reasons for student transfer eligibility may be found in Board Policy FDB (Local) at <https://www.episd.org>. Transfers are granted on the basis of space availability, and may be denied on attendance, discipline and capacity; transfers are for a term of one year only. Parents are recommended to reapply annually in order to be considered or remain as a transfer for the new academic year. Transfers must be submitted through the transfer module available in the parent portal. Paper transfers are accepted only from students who are brand new to the district. Attendance zone boundaries may be modified only by the action of the Board of Trustees. The Parent/guardian is responsible for the student's transportation to and from school and/or care provider.

Tuition Exemption for Military Dependent Out of District Transfers

EPISD is an open enrollment district. The District accepts transfers for children of active duty military who reside outside of the boundaries. Please refer to Board Policy FDA (Local) and FDA (Regulation) at <https://www.episd.org> for the priority sequence. An out-of-district transfer request form must be completed. If the student is enrolling in EPISD for the first time, a paper version of the transfer must be submitted. Once the student enrolls in the District, the transfer may be submitted through the transfer module available in the Parent Portal. If you reside in outside of Texas, please contact Student and Parent Services for additional information.

Ysleta Independent School District (YISD) – YISD is the third largest school district in the El Paso area with approximately 42,500 students and 59 campuses that stretch from northeast El Paso to the east and southeast areas of the city. The campuses are aligned into seven learning communities or feeder patterns to better serve the needs of students. Ysleta ISD has established an “open enrollment” policy that allows them to open their doors to students from neighboring districts. YISD follows a traditional school year calendar with classes beginning in August and ending the first part of June.

9600 Sims Dr., El Paso, Texas 79925

(915) 434-0000

www.yisd.net

Vision Statement

All students who enroll in our schools will graduate from high school, fluent in two or more languages, prepared and inspired to continue their education in a four year college, university or institution of higher education so that they become successful citizens in their community.

R.E.L. Washington Elementary	K-6	3505 Lee Trevino (36)	(915) 434-5900
Tierra Del Sol Elementary	K-6	1832 Tommy Aaron (36)	(915) 434-5800
Vista Hills Elementary	K-6	10801 La Subida (35)	(915) 434-5700

All schools follow traditional schedules.

Special Programs in the Ysleta Independent School District:

- ✚ **Alicia R. Chacon International Language School** – Highly developed academic program offers rigorous curriculum based on integrated, interdisciplinary units and critical thinking skills in a Dual Language setting (English/Spanish) from kinder to 8th grade. Curriculum also includes functional skills in a third language of student’s choice, beginning in kinder, in German, Japanese, Mandarin Chinese, and Russian. For more information, please call the school office at (915) 434-9200.
- ✚ **Eastwood Knolls International School** – For over twenty years, EKIS has afforded students the opportunity to learn both English and Spanish through a rigorous and culturally rich curriculum. Students in the Two-Way Dual Language program also learn Mandarin Chinese. Their Dual Language program strives to teach bilingualism, biliteracy, and biculturalism to develop well-rounded global citizens. Please call the campus office for further information at (915) 434-4400.
- ✚ **Hacienda Heights International School** – Dual Language School offers French Language classes to students in Kinder through sixth grade who participate in the Two Way Dual Language Program. Students in monolingual classes K-4 participate in music and art classes, while those in 5th and 6th choose among art, band, or orchestra. For further information, contact the school at (915) 434-2500.
- ✚ **Sageland MicroSociety (Sageland Elementary)** – The Micro-Society program is the only student-based whole school reform effort of its kind. This research-based education program transforms classrooms by providing a real-world context for academic learning. Students collaborate with parents, business volunteers, and teachers to create functioning small communities. Traditional academic subjects are studied in the morning and then applied “on the job” through program activities.

Students spend 45 minutes a day, 4 days each week in their jobs where they learn to run businesses, apply technology, and develop government and social agencies. Students become immersed in the realities of a free-market economy, replete with taxes, income issues, and politics. MicroSociety enables teachers to answer two persistent student questions: “Why do I need to know this?” and “How do I fit in the world?” Micro-Society Coordinator’s telephone number is (915) 434-2991.

- ✚ **Young Women’s Leadership Academy (YWLA) – Young Women’s Leadership Academy (YWLA)** – The Young Women’s Leadership Academy (YWLA) is El Paso’s first all-girl public college preparatory school with a focus on STEAM (Science, Technology, Engineering, Arts, and Mathematics). The core values for the Young Women’s Leadership Academy are Responsible Leadership, College and Career Readiness, and Wellness Life Skills. Currently, the Ysleta Young Women’s Leadership Academy has 6th through 10th-grade girls enrolled for the 2019 - 2020 school year.
- ✚ **AVID (Advancement Via Individual Determination)** – The AVID College Readiness System is a systemically aligned approach designed to support students and educators as they increase school/district-wide learning and performance in preparing students to be college ready. AVID helps participating elementary, middle and high schools prepare students for four – year college eligibility and helps make college preparatory curricula accessible to all students. AVID targets students receiving average grades who have the potential to succeed in a rigorous academic program. Middle and high school AVID students are required to enroll in at least one Pre-AP, AP and/or Dual Credit course and receive support through an AVID elective class. AVID is a part of the academic program in YISD at 2 middle schools and 2 high schools. For further information, contact the YISD Department of High School Academics at (915) 434-0540.

Outreach Programs

- ✚ **Plato Academy-** Our mission is to provide an educational opportunity for students who need a non-traditional educational setting and would like to obtain a high school diploma. Our students range from ages 18-26 and attend one of three blocks: 7:00 a.m - 11:00 a.m, 9:00 a.m. - 1:00 p.m., or 1:00 - 5:00 p.m. The curriculum consists of computer-guided instruction as well teacher-generated instruction and projects. The setting is self-paced; therefore, the strength and success of the program consists of the individual student’s desire to succeed and attain their diploma. On average, a student completes .5 (half credit) in a three to five week period.

Since Plato Academy is an alternative high school without a designated attendance area, a student who is 18 years old, lives in the Ysleta ISD and is supposed to graduate in the current school year must first obtain a referral form from one of the seven comprehensive high schools in the Ysleta ISD to be considered for enrollment. Students, who should have graduated in a previous year but did not or do not live in the Ysleta ISD, will need to make an appointment with the Phoenix Project Coordinator to obtain a referral (915-434-9018). Once all correct paperwork is acquired, the student will meet with the principal in order to determine whether Plato Academy is the right fit for the student's needs.

- ✚ **Tejas School of Choice**—for students who are behind in credits, are under the age of 18, and do not choose a traditional school setting.
- ✚ **Caesar Chavez Academy** – an alternative school for students who have been removed from their home campus due to disciplinary sanctions.

- ✚ **Ysleta Community Learning Center**—Nineteen years of age and older. ESL and GED for work or college, Workforce Training and Career Readiness, and Computer-based classes are offered for adults. Must have valid Texas photo ID and Social Security Card. Please contact 434-9400 for further information.

Innovative Learning with Technology

- ✚ YISD promotes teaching and learning via embedded technology, digital content and online tools and resources. Delivering appealing instruction for students ensures they are college and career ready and globally competitive. Students in grades 3 – 10 are issued a mobile device to assist in developing them as digital learners and extends and enriches their learning 24/7.
- ✚ YISD uses Edgenuity, a versatile, self-paced program high school students use to recover course credit or remediate lessons via online content. All courses align to the district curriculum.
- ✚ YISD is part of a movement to ensure students reach high levels of achievement established through personal accountability, agency and engagement. We currently have eleven campuses identified as Blended Learning campuses, where students are provided personalized learning with some element of control over the time, place, path, and/or pace of their learning.

Academies

As a result of House Bill 5, students beginning in 9th grade in the 2014-2015 school year graduate with one of the five state-specified endorsements: Arts and Humanities, Business and Industry, Multidisciplinary Studies, Public Services, and STEM (Science, Technology, Engineering, and Mathematics). Every YISD comprehensive high school offers academically focused career pathways in each of the five endorsements. Career Academies offer opportunities for students to become engaged in rigorous academic preparation while studying real-world issues through problem/project-based learning, and explore post-secondary institutions where they can continue career preparation. Please contact individual high schools for further information.

✚ **Bel Air:** Dual Language campus that offers six career pathways: 1) the Health Professions Magnet; 2) Arts, Audio/Visual and Communications; 3) Business Management and Administration; 4) Law and Public Safety, Corrections and Security; 5) Marketing; and 6) Science, Technology, Engineering and Mathematics (STEM). Students will select 1 of the six career pathways and graduate from high school prepared to enter a four-year institution of higher learning or enter directly into the workforce in one of eleven areas of certification.

✚ **Del Valle:** Dual Language campus. The Multinational Business Academy. The core foundation of business will be introduced to all students enrolled in the Multinational Business Academy (MBA) program. They will receive a combination of knowledge in Entrepreneurship, Human Resources, Finance, Accounting, Marketing, & Business Management. Through classroom and community experiences, students will research, plan and prepare a feasible business plan for the development of a new business. Students will analyze policies, employee compensation & benefits, conflict resolution, and learn about the principles associated with banking, foreign trade, taxes, and other financial services associated with capital management. They will learn to encompass roles related to product development, branding, advertising and promotion, sales, consumer behavior, customer satisfaction and retention, competitive analysis, and social responsibility. They will expand their knowledge and expertise in technology by becoming certified in all areas of Microsoft Office and provide tax return preparation services for the community by becoming certified by the IRS in Tax Preparation.

System Academy creates a learning environment that prepares students to excel in college engineering courses and to be successful engineers. Courses in engineering will be offered along with rigorous math, science and technology courses. Courses involving hands-on applications, research opportunities with UTEP, internships and field trips will prepare and expose students in the areas of Technology, Engineering, Math and Science. Greater El Paso's Credit Union (GECU) is on the school campus and provides career opportunities for students enrolled at Del Valle and banking services to the community.

Del Valle Fire Tech, was established in 2016 to provide Del Valle High School students an additional career path to pursue. The path that leads to a career in public safety specifically a fire fighter. Passion, integrity, knowledge, determination, courage, commitment and sacrifice are all components that are modeled by the men and women who serve our communities unselfishly. These traits are the foundation that the students in this program are exposed to everyday, with hopes that they will achieve their personal dreams and goals. Since 2016, our organization prepares themselves daily to answer the call, this may be from our community for community service projects, our campus leaders for school initiatives, neighboring schools for community risk reduction or personal physical fitness and academic enrichment to represent our campus and school district at competitions.

✦ Eastwood: Eastwood High School offers an array of high achieving academic programs for students who have varied interests. Eastwood is a dual language campus where, upon completion of the program, graduates are bi-literate and skillful leaders who are academically and culturally prepared to meet the demands of a global society. A dual credit program is offered to sophomores, juniors, and seniors in the area of College Transition and English 1301 and 1302.

The Eastwood STEM program contains electrical, mechanical, and general engineering courses. This program is unique because it is completely lab oriented with an emphasis on collaborative learning. The instructors are continually searching for new ideas, field trips, and competitions to engage students in the program. Eastwood High School has excellent Advanced Placement instructors and a proven program based on some of the highest college readiness scores. As freshmen, students have the opportunity to enroll in an Advanced Placement social studies course as well as Pre-Advanced courses in English, science and math. As juniors and seniors, students are afforded the opportunity to enroll in Advanced Placement social studies, math, science, and English courses. At Eastwood, your child will be afforded an array of upper level classes allowing him/her to accrue not only college credit but be prepared for the challenging curricula of a post-secondary education.

✦ Hanks: Hanks High School offers exciting, high demand career preparation pathways in Law, Safety, & Corrections, Information Technologies, Audio/Video Technology and Communication, Business Marketing and Management, and STEM (i.e., Engineering, Robotics, and Computer Programming). These pathways include certifications that allow them to be well rounded, productive citizens in the global marketplace. Certifications include MOS, Adobe, Autodesk, and Law/911 Emergency Dispatch and are available at no expense to our students. In addition, Hanks offers Dual Credit and Advanced Placement courses, giving students the opportunity to earn college credit while in high school. We provide various opportunities for students to participate in athletics, Academic UIL competitions, and experience an outstanding Fine Arts program.

✦ Parkland High School (T-STEM): Texas Science, Technology, Engineering, Mathematics Academy (T-STEM). The T-STEM Academy is a collaboration of UTEP, EPCC, and El Paso businesses that offers an environment conducive to learning demanding and integral advanced science, technology, engineering and mathematics concepts. Students have an opportunity for hands-on learning in robotics, rocketry, and six engineering courses. As a national Project Lead The Way-accredited and TEA-Accredited role

model T-STEM Academy, Parkland provides innovative classes using college level engineering and Biotechnology curricula to prepare students to further their education in a four-year college, university, or institution of higher education. Unique to this high school, Parkland's T-STEM program is taught by four teachers with engineering degrees and is the only College Board designated AP Capstone Program in the region.

Parkland Early College High School: Designated by the Texas Education Agency in the Fall of 2017, Parkland Early College High School (PECHS) offers students the unique opportunity to earn an associate's degree from our partner, El Paso Community College, while also being able to participate in all activities offered by a comprehensive high school. From championship athletics, award winning fine arts and a plethora of other high school activities, PECHS students are able to get the full high school experience while also getting an early college education. Our PECHS students can participate in Advanced Placement courses, UT OnRamps, the T-STEM Academy and the Capstone Program. Parkland is the only high school in the El Paso region that offers all of these programs.

 **Riverside:** Located in the heart of the Lower Valley, Riverside High School offers big learning opportunities with a small school setting. We have a first-rate STEM program in Architectural /Civil Engineering, Industrial/Mechanical engineering, and Bio-Medical Science. The mechanical engineering program leads the way with El Paso's only University of Texas at Austin curriculum where students can earn freshmen college engineering credit at UT. The Trades and Industry programs require a two-year commitment and are open to 11th and 12th grade students only. These courses are taught in three-hour blocks (morning or afternoon) at our campus. We offer 12 different programs: Architecture, Audio Video Production, Automotive & Diesel Tech, Collision Repair, Computer Science, Construction/HVAC, Cosmetology, Culinary Arts, Cyber Security, Electrical/Solar Technologies, Networking, and Welding and Business Maintenance. Come see what we are all about at Riverside High School, where our students take charge of preparing themselves academically for the challenges of post-secondary life. Ranger Pride! Branded for Life.

 **Ysleta:** Ysleta High School is the flagship of the Ysleta Independent School District. As such, Ysleta High School (YHS) takes the lead in innovative education by offering unique and exceptional opportunities for students. YHS leads instruction with its Health Science program, which prepares students for various careers in medicine and is one of the first high school programs to have its own chapter in UTEP's Medical Professionals Organization. Our STEM (Science, Technology, Engineering, and Math) program is dynamic and growing, with students gaining knowledge and experience from a wide variety of coursework in both Robotics and Engineering Science and using their talents to successfully compete and advance in regional, state, and international competitions.

YHS is also home to the Ysleta High School Early College Academy. Partnering with El Paso Community College, students in our academy have the ability to simultaneously earn an Associate of Arts Degree in Multidisciplinary Studies along with their high school diplomas, all while enjoying the benefits of being at a traditional high school. As well, through our rich advanced academics offerings, YHS students may earn up to 48 college credit hours through our dual credit course offerings. Enhancing our excellent academic programs and career readiness offerings, our students enjoy being a part of successful award-winning fine arts, athletic, and extracurricular programs, including speech & debate, High Q, academic decathlon, choir, and guitar, as well as top-rated dance, band, orchestra, and art programs.

Valle Verde Early College High School (VVECHS): Ysleta Independent School District's first Early College High School opened August 27, 2007. This unique school provides advanced coursework that enables a student to attain an Associate's Degree while completing his/her high school diploma in a small school setting. Now starting its eleventh year, VVECHS has graduated over 600 seniors over the past six years with over 500 seniors earning their Associate of Arts Degree from El Paso Community College. Because of its limited size, students must apply for admission. One hundred to one hundred ten new students are accepted each year from a pool of 200+ applicants. New students are not accepted beyond the tenth grade. VVECHS is housed on the Valle Verde campus of El Paso Community College, located south of Interstate 10 on Hunter Blvd. The school number is (915) 434-1500.

Special Education Services - General Education

Inclusive support Co-Taught

A formal yearlong or semester long in-class commitment between a general education teacher and a special education teacher to jointly plan, provide instruction and assess ALL students in the general education class.

Inclusive/Support Facilitation

A variety of supports provided by special education staff to assist students and the general education teacher in the general education setting.

Specialized Support/Resource

General education curriculum supports that are provided outside the general education classroom through pull-out services.

SSALT3 – Specialized Support Alternate Level 3

A specialized classroom designed for students who need functional academics and independent living skills instruction.

SSALT2 – Specialized Support Alternate Level 2

A specialized classroom designed for students who need functional and independent living skills instruction.

SSALT1 – Specialized Support Alternate Level 1

A specialized classroom designed for medically fragile students who need functional and assisted living skills.

SSB Specialized Support Behavior

A specialized classroom designed for students with significant behavioral concerns that interfere with instruction.

SSAB – Specialized Support Alternative Behavior

A specialized classroom designed for students severe emotional disturbances that interfere with instruction and/or pose a danger to themselves or others.

SSC – Specialized Support/Structured Communication

A specialized classroom designed to serve the needs of students with severe communication delays, behavioral concerns and limited social interactions.

PPCD - Preschool Program for Children with Disabilities

A specialized classroom designed to meet the needs of children with disabilities ages 3-6.

PPCD-C-Preschool Program for Children with Disabilities Collaborative

Specialized support provided to children with disabilities ages 3-6 in an inclusive co-taught environment.

Transition

A support system where students gain employability skills under the direct supervision of job coaches. To contact the Special Education Department or if interested in obtaining recreational support, please call (915) 434-0900 or visit our website at www.yisd.net, listed under Special Education Department, Parent Resources.

Gifted and Talented Education Program

Ysleta Independent School District's gifted and talented students receive instruction in the regular classroom through an array of qualitatively differentiated learning opportunities in language arts, mathematics, science, and social studies at all elementary, middle, and high school campuses. Gifted students in grades 7-12 are required to take at least one Pre-Advanced Placement or one Advanced Placement or one Dual Credit/Enrollment course each semester. Gifted students at all levels are provided opportunities to participate in different types of academic competitions such as: robotics, Team Quest, Destination Imagination, Academic Decathlon, and Hi-Q.

Transfer students are automatically placed if documentation is presented showing previous assessment data and placement in a gifted and talented program. The decision regarding placement is made by the Campus Selection Committee, which can require assessment using YISD instruments criteria to ensure proper placement. For more information please call Elementary Academics at (915) 434-0543 or Secondary Academics at (915) 434-0601.

School Locator

Schools can be located at www.yisd.net, click on "Schools," and you will be taken directly to the alpha-order listing of YISD campuses.

Physical Exams

YISD requires a physical examination for each year of competition in athletics, band, cheerleading. The physical examination is good for one school year and may be taken anytime on or after June 1st for the following school year. An athlete must have a completed, current physical examination on file prior to participating in an athletic period class, practice session or tryout session. Additional forms and paper work that are required for UIL athletic participation may be located at <https://ysletaisd.rankonesport.com> Physical exams are mandated by UIL and YISD prior to participation in UIL sanctioned sports and practices. Official physical forms must be filled in and signed by either a Physician licensed in the United States, a Physician Assistant licensed by a State Board of Physician Assistant Examiners, a Registered Nurse recognized as an Advanced Practice Nurse by the Board of Nurse Examiners, or a Doctor of Chiropractic. Examination forms signed by any other health care practitioner will not be accepted.

UIL Rules and Regulations

All athletic programs follow Texas University of Interscholastic League (UIL) Rules and Regulations. UIL regulates all aspects of athletics, from practice to game and officials. UIL also oversees the state play-off system that determines a state champion. Information and Rules & Regulations can be found at: www.uilTEXAS.org/

YISD Graduation Requirements:

Students graduating from YISD must meet district and state graduation requirements.

Please visit YISD Student Handbook at <http://www.yisd.net>.

Students graduating from the Ysleta ISD are highly encouraged to take the PSAT and SAT or ACT by the spring of their senior year, complete at least three college applications, and complete a minimum of 20 hours of volunteer work per high school year attended in YISD. For specific questions regarding graduation, please contact the Department of Guidance and Counseling at (915) 434-0748 or your student's high school counselor.

School districts retain the authority to add requirements beyond what is required in state law for graduation.

For more information on House Bill 5: Foundation High School Program and to download a Graduation Toolkit visit: <https://tea.texas.gov/graduation-requirements/hb5.aspx>

Socorro Independent School District (SISD) The Socorro Independent School District is a rapidly growing school district serving more than 47,000 students with innovative instruction in state-of-the art facilities. Team SISD is an outstanding educational institution having been recognized at the local, state, and national level with numerous accolades. Notably, the district earned the Postsecondary Readiness Distinction Designation, the only distinction awarded at the district level, in the 2018 Texas Education Agency accountability ratings, and was named a three-time HEB Excellence in Education district finalist.

SISD is dedicated to offering endless opportunities in all campuses focusing on college and career readiness for all students. SISD educators are highly qualified, effective professionals and are dedicated to their students, schools and communities. Every member of Team SISD is committed to offering a high quality, rigorous education to ensure all students succeed. The district operates on a [year-round calendar](#) and has a long tradition of success.

12440 Rojas Dr. El Paso, Texas 79928

(915)937-0000

<https://www.sisd.net>

Mission & Vision Statement

Team SISD’s mission is to optimize our student’s academic, artistic, athletic, and interpersonal skills. Team SISD’s vision is Tomorrow’s Leaders Learning Today

Career Technical Education (CTE)	(915) 937-0317

School Boundaries and Overflow Process: For information on schools zoned for your address, visit the district website at <http://www.sisd.net/maps>, under the “parents” tab. Please know that Team SISD is located in a growing metropolis. Due to the rapid district growth, some students are not able to attend schools in their designated attendance area. In this case, space is located at a designated overflow campus and transportation is provided to and from the home school. Student names are placed on a waiting list at the home school and as space becomes available they are given the option of staying at the overflow school or moving to their home school, unless district implements a boundary change.

Pre-k and Pre-k Hubs

SISD offers free half-day universal Pre-Kindergarten for all students in Team SISD regardless if they do not meet state requirements for free pre-k. The students must be four years old by Sept. 1 and live within SISD boundaries. The district also offers full-day pre-k based on a first-come, first-served basis. Socorro ISD has developed a growth management plan inclusive of boundary adjustments, grade reconfigurations, overflowing of students and also maximizing available classroom space by establishing Pre-k Hubs.

Student Registration

SISD offers online pre-registration to all current SISD students. The process allows parents to verify student data, update contact information, complete yearly required registration forms, and acknowledge/review critical district information and policies. For information regarding online registration, please visit www.sisd.net.

Parents can also go to the home school to enroll their child. The campus registrar determines availability. If there is no space available, the child is overflowed to a designated campus and transportation is provided. If you have more than one child and there is only room for one, you will have the option to overflow them both so they can be together. The name of your child(ren) is then placed on a waiting list. Later, as space becomes available the home school will bring back students according to the waiting list. Also, at the beginning of the new school year, the home campus will determine if they have space to prioritize bringing back overflowed students. There are no guarantees that the home school will be able to return 100% of the children, due to the availability of space, however other schools are currently being built to accommodate the growth.

District Calendar

SISD operates a Year Round Calendar. To view student multiple year academic calendars go to www.sisd.net

School Uniforms

Elementary and middle schools require a school uniform. Please refer to our website, www.sisd.net, to find your campus under the schools tab, for further details or contact the school directly.

Olweus Bully Prevention Program (OBPP)

Team SISD has implemented and promoted the Olweus Bullying Prevention Program (OBPP) for several

years to change the norms around bullying behavior and restructure the school setting so that bullying is less likely to occur. SISD selected OBPP because it is a whole-school program that has been proven to prevent or reduce bullying throughout a school setting. OBPP is designed for students in elementary, middle and high schools. The district supplements OBPP by utilizing Connect with Kids, a resource for teachers to access a variety of video lessons in different topics, for students in all grade levels.

Advanced Academic Academies:

Every SISD comprehensive high school offers an Advanced Academic Academy. Students must complete an application to be accepted to the Advanced Academic Academies. Each comprehensive high school also offers numerous CTE programs of study. Each program of study will lead to an endorsement for ninth grade students. The Advanced Academic Academies in the Socorro Independent School District are:

Americas HS: Libertas Academy, (915) 937-2800

The Libertas Law Academy has been designed to provide participants the opportunity to explore the areas of constitutional and trial law. Students will be required to complete community service hours in areas that will provide them further insight in the field of law. Students will graduate with a Public Service endorsement.

Eastlake HS: School of Advanced Technology Applications (SATA) Academy, (915) 937-3600

SATA students will learn different programming languages and explore areas such as Robotics, Database, Game Program Design, Mobile Applications and Digital Forensics. Students will graduate with a STEM endorsement.

El Dorado HS: International Baccalaureate (IB), (915) 937-3200

The IB Diploma Program (DP) is an academically challenging and balanced program of education with final examinations that prepare students for success at university and life. It is designed to address the intellectual, social, emotional and physical well-being of students. Students graduate with a STEM endorsement.

Montwood HS: Synergi4 Academy (915) 937-2400

The Montwood High School Synergi4 program is a small learning community that utilizes a curriculum that is project based, experiential in nature that reflect real world applications which allows students to develop 21st century skills of competency, collaboration, communication, critical and creative thinking while earning college credit and graduating on the Distinguished Plan with a STEM endorsement.

Pebble Hills HS: Sparta Business Academy (SBA), (915) 937-9400

The Sparta Business Academy will offer students a four-year program in business and finance with an opportunity to earn an associate's degree in collaboration with El Paso Community College, internships and other real-world experiences. Students will graduate with a Business and Industry endorsement.

Socorro HS: Health Professions Academy (HPA), (915) 937-2000

HPA is designed for students interested in a health professions career. Students may study dentistry, emergency technician or pharmacy technician. Students will graduate with a Public Service endorsement.

Mission Early College High Schools:

The Socorro Independent School District, in collaboration with El Paso Community College, offer the most Early College High School programs in the region. SISD students can save money and be immersed in post-secondary education as they earn a free associate's degree along with a high school

diploma in a rigorous and engaging college experience. Mission Early College High School is open to all district students, through an application process. Socorro and Rams Early College high schools are open to students living in the feeder pattern. Student also must submit an application.

- Mission Early College High School, (915) 937-1200
- Socorro Early College, (915) 937-2000
- Montwood--Rams Early College High School, (915) 937-2400
- Americas Early College High School, (915) 937-2803

Programs and Opportunities:

WIN Academy

The WIN Academy is a student-centered program created to ensure all Team SISD children have the opportunities and support needed to achieve academic success. WIN is an acronym that outlines the keys to winning in life: **W** - Work Hard, **I** - I Can Do It Attitude, **N** - Never Give Up. The academy is designed to help students who need more assistance than what is offered in a traditional school setting. The program is offered at 16 campuses. The WIN Academy gives students a digital learning device, extra instruction time, more hands-on learning and experiences, and a teacher that stays with them for more than one grade level. This program has seen success in student attendance, grades, and self-esteem. For information, contact the WIN Academy.

Advancement Via Individual Determination (AVID):

AVID is an elective course offered at each high school and middle school. It is offered at a select group of elementary schools. AVID teaches skills and behaviors for academic success, provides intensive support with tutorials and strong student/teacher relationships, creates a positive peer group for students and develops a sense of hope for personal achievement gained through hard work and determination. AVID helps middle schools and high schools prepare students who have a 2.0 to 3.5 GPA (the average student) for four-year college eligibility and helps restructure the teaching methodologies of a school to make college preparatory curricula accessible to all students. AVID targets students in the middle who have the potential to succeed in a rigorous academic program.

Dual Credit

Dual credit opportunities are offered at every SISD high school. Dual credit courses allow students to get ahead and save money. Last year alone, Team SISD students potentially saved over \$6 million in college tuition by completing dual credit courses. The Dual Credit Program is a partnership between high schools and El Paso Community College (EPCC) in which instruction is provided to high school students, tuition free, for immediate award of both high school credit and college credit, without leaving their home campus. The college course is a replacement rather than an addition. Students enroll in one class that counts for both college and high school. Students must take and earn a qualifying score on the Texas Success Initiative (TSI) test before they may take dual credit courses in high school.

Pre-Advanced Placement (Pre-AP) and Advanced Placement (AP) Courses:

The AP Program, administered by The College Board, gives advanced high school students exposure to college-level material and provides them the opportunity to show what they have learned by taking AP Exams. Many colleges and universities are then able to grant credit to these students while they are still in high school. Socorro ISD offers a full range of AP classes in all high schools. The program begins in the ninth and tenth grades with Pre-AP classes that prepare the students for AP courses in grades eleven and twelve. AP prepares students for the future by giving them academic tools that will serve them well

throughout their college careers. The AP exams are given each year in May. College-level textbooks and a specified AP curriculum are used. The AP exams are scored using a 1 through 5 rating. The optimum scores are 3, 4 or 5. The receiving college determines if the student will receive college credit based on the score and the subject in which the score was received.

Distinguished Achievement Program (DAP)

Socorro Independent School District encourages students to be a part of the Distinguished Achievement Program (DAP). The DAP is the official recognition of high school academic achievement by the state of Texas. SISD offers extensive opportunities for students to complete the state recommended high school course of study and earn additional points to receive this designation of Distinguished Achievement.

Articulated Credit

Articulated credit has been established between Socorro ISD and El Paso Community College (EPCC). Articulated credit provides students with an opportunity receive college credit for a course that has been taken at Socorro ISD. Students who receive articulated credit in essence bank their credit until they enroll at the college and declare their major. If the articulated course is part of their major, they can request the classes taken at Socorro to be transcribed. Students have 28 months from the date of graduation to request the credit. To qualify, students must receive an 80 – 85 percent average and must have been in attendance for 90 percent of the instructional time while enrolled in the class.

Career and Technical Education (CTE) Courses:

Team SISD's CTE students earn some 6,000 industry-recognized certifications annually in nationally recognized programs showing proof they are ready with the skills and knowledge to succeed in the workforce. Students earn certifications, such as pharmacy technician, licensed cosmetologist, EMT, certified dental assistant and various advanced technology certifications (C++, Adobe, Security +, Oracle). The district's Career Awareness Showcase and College, Career, and Job Expo showcases the educational and career opportunities available to students while in high school and after graduation. CTE courses are offered with the goal of promoting advanced skills for competitive wages in high demand careers. All students will be provided opportunities to participate in a CTE Program of Study which will promote leadership, skills development and seamless transition to post-secondary education and/or work. For more information on CTE courses, [click here](#).

Fine Arts

Fine Arts are offered at all comprehensive campuses. Art, band, choir, dance, guitar, orchestra, piano, and theater are offered at each campus. It is important that students enrolling in the ninth grade enroll in a Fine Arts program. One credit of Fine Arts is required for graduation and it is important that students identify early in order to take advantage of the availability of advanced programs throughout their high school career. SISD fine arts students consistently excel at the highest level of competition. The programs give students a comprehensive educational experience to enhance their creativity, coordination, and discipline.

Special Education

The Special Education Department (SPED) provides service and support to campuses and students so students receive a free and appropriate education in the least restrictive environment. In addition to instructional services, related services are also provided to students who have an identified need. For more information please call Special Education Department at (915) 937-4303. SPED also oversees the following:

- Dyslexia
- Section 504
- Homebound Services

Gifted and Talented Program

Socorro Independent School District accepts all gifted and talented students into its Gifted and Talented Program when the previous school attended sends verification (written documentation) of the student's GT placement. Proof of enrollment includes, but is not limited to:

- Placement records
- Identification assessment records
- Report cards verifying placement

If records accompanying student are incomplete, the receiving school will re-screen the student to determine best services and in the middle/high schools – courses for the gifted and talented student. It is the belief of the Socorro Independent School District that once a student has been identified as being gifted and talented, that student should continue in the program unless the parent or parents and school staff together determine that this may not be the best placement for the child. Any student is eligible to be screened for the Gifted and Talented Program in the Socorro Independent School District. Screening a new student consists of the following:

- Recommendation for G/T screening from either parent, teacher or student (at middle school/high school)
- Parent Permission to Screen
- Parent Survey - Kingore Observation Inventory
- Teacher Survey
- NNaT3 Test of Abstract Thinking
- IOWA or Logramos
- Teacher Kingore Observation Inventory for Kindergarten
- Torrance Test of Creative Thinking
- Example of student work

Naval Junior Reserve Officer Training Corps (NJROTC)

SISD offers the Naval Junior Reserve Officer Training Corps (NJROTC) Units at every high school. All Socorro ISD NJROTC units are Top Units within the Navy JROTC program nationally.

Each unit has the following computing's

- special teams; air rifle teams (precision and sporter), academic teams, armed drill teams (demilitarized), color guard teams, physical fitness teams, orienteering teams and unarmed drill teams (non-weapon). The NJROTC program at Socorro High School is a 29-time Distinguished Unit, a seven-time Area Ten "Most Outstanding Unit", a one-time Area Nine "Most Outstanding Unit" as well as a one-time "Navy League - Most Outstanding Unit" in the Nation. Pebble Hills, El Dorado and Montwood high schools participate together as one unit and are an 18-time Distinguished Unit. Americas and Eastlake high schools also participate together as one unit, and are a 12-time Distinguished Unit.

Athletic Programs

SISD's highly competitive and award-winning athletic programs let students shine on the playing field and in the classroom. All Socorro ISD athletic programs abide by the University Interscholastic League (UIL) rules and regulations. The UIL is an organization which establishes rules and regulations for all Texas public school athletic programs.

In addition, all Socorro ISD high schools and middle schools offer the following athletic programs:

High schools: baseball, basketball, cheerleading, cross country, football, golf, soccer, softball, swimming, tennis, track, volleyball and wrestling.

Middle schools: baseball, basketball, cheerleading, cross country, football, soccer, softball, track, and volleyball.

UIL Transfer Rules and Regulations

- Students may not transfer for athletic reasons
- Transfer students must complete a Previous Athletic Participation Form (PAPF) before they may participate at the varsity level
- Students must live in the attendance zone of the school they are attending in order to be eligible immediately for varsity competition. There are waivers and exceptions for special situations.

- All students participating in our athletic programs must have a current physical examination on file
- prior to participating in an athletic period (anytime on or after May 1 of the previous school year),
- practice session; try out session, or competition

Physical Exams

SISD requires a physical examination for each school year of completion. The physical examination is good for one school year and may be taken anytime on or after May 1 of the previous school year. The physical must be completed on the UIL Pre-Participation Physical Evaluation form and physical must be performed by a Physician, a Physician Assistant licensed by a State Board of Physician Assistant Examiners, a Registered Nurse recognized as an Advanced Practice Nurse, by the Board of Nurse Examiners or a Doctor of Chiropractic.

Alternative High Schools

Options High School, (915) 937-1300

Options High School is an alternative educational program that offers academic options for students who want to complete the necessary requirements for obtaining a high school diploma. Options High School also offers a Dropout Recovery Program. Options High School is a competency based learning system with flexible scheduling for young adults who are not successfully completing a traditional high school program. The student's commitment and desire to earn a high school diploma, combined with a caring, positive learning climate, determines the student's degree of success.

KEYS Academy, (915) 937-4000

KEYS Academy the District Alternative Education Placement (DAEP) for the Socorro Independent School District. KEYS Academy opened its doors in 1992 and serves predominantly middle class Hispanic families. KEYS Academy serves a range of students from grades 6 -12. KEYS Academy provides students a safe, structured, and nurturing learning environment that supports their social and academic development.

GRADES AND GRADING PERIODS

SISD operates under a nine-week grading period. Students will receive 4 report cards and 8 progress reports. Progress reports are issued at the end of the third and sixth week of each grading period for all students in Pre-K through 12. The notice shall include information concerning the availability of interventions relating to the subject area(s) in which the student is not meeting the grade level of subject area standards. EIA Regulation.

The elementary schools use a developmental scale for Pre-K.

- | | |
|---------------------------------------|---------------------------|
| 1 – Did not meet standard | 3 – Met Standard |
| 2 – Approaching Grade Level Standards | 4 – Commended Performance |

Grades 1st-8th

The basic consideration for evaluation is determining the progress a child makes based on the Texas Essential Knowledge and Skills. Students will be graded on a scale of 0-100. Numerical grades shall be used on the report card, as well as on the academic achievement record for all subjects and courses. Course grades will be determined by the average of the four (two for semester courses) nine-week grades. Students must receive a grade of 70 or above to pass the course. Conduct grades shall be reported for each student.

Grades 9th-12th

Student work shall be graded on 0 to 100 scale. Numerical grades are used on report cards and on academic achievement records for all subjects/courses plus a grade of 70 or above to pass the courses, including conduct.

Graduation Requirements for grade 12 only

Courses	Recommended	Distinguished Achievement

Canutillo Independent School District (CISD) - Canutillo Independent School District (CISD) - is an innovative school district that walks hand-in-hand with all the diversities of this rural far-west Texas community located 12 miles northwest of El Paso. Canutillo ISD has one high school, an early college high school, two middle schools, and six elementary campuses and is home to approximately 6,200 students. Students in the Canutillo ISD follow a traditional school year calendar.

Canutillo ISD has made great strides in its mission to provide high quality educational experiences that will inspire and prepare all students to apply the knowledge and skills necessary to become effective leaders and productive citizens. Our accountability grade as the only traditional school district in the El Paso region to earn an Exemplary Performance A-Rating from the Texas Education Agency (TEA). The U.S. Department of Education announced that Northwest Early College High School earned a 2018 National Blue Ribbon Award in the Exemplary High-Performing category.

7965 Artcraft, El Paso, TX 79932

(915) 877-7400

<https://www.canutillo-isd.org>

Mission Statement

Canutillo ISD mission is to create rigorous, student-centered classrooms which develop future-ready students to compete in a global economy and thrive in a multicultural world.

Frequently Called Numbers in the Canutillo Independent School District:

CISD Main Switchboard Number	(915) 877-7400
Student Support Division	(915) 877-7650
Special Education Department	(915) 877-7450
Facilities and Security Department	(915) 887-7746
Transportation Department	(915) 877-7730
Athletic Department	(915) 877-7873

Canutillo ISD's Innovative Programs:

Pre-K Program:

The goal of the Prekindergarten program is to provide a nurturing environment where children's natural curiosity and motivation to learn is used as a springboard to learn skills that are necessary for success in school. The children are engaged in best instructional early childhood practices as a teacher guides them through a challenging and interactive curriculum. Call (915) 877-7409.

Dual Credit

A partnership with El Paso Community College allows Canutillo High School students to replace high school courses with accredited college courses to earn both high school and college credit with certified college school instructors. Dual Credit is available for English III, English IV, U.S. History, Government/Economics, Pre Calculus, and Education 1300.

Northwest Early College High School is a partnership between the Canutillo Independent School District and the El Paso Community College. Early college high school is a bold approach, based on the principle that academic rigor, combined with opportunity to save time and money, is a powerful motivator for students to work hard and meet serious intellectual challenges. Students earn both their high school diploma and their Associate of Arts from EPCC while enrolled.

Northwest Early College High School made the U.S. News & World Report's list of Best High Schools in the country 2016 and 2017. And, Northwest has been nominated by the Texas Education Agency for the 2018 National Blue Ribbon School honor in the Exemplary High-Performing category. The Blue Ribbon School nomination represents yet another achievement that places Canutillo ISD and its schools among the best in the nation. The program is free to participants. Call (915) 877-1700.

Navel Junior Reserve Officers Training Corps

Cadets learn and practice the traits and principles of leadership, self-confidence, discipline, and responsibility. Cadets also receive instruction in Leadership Theory and Applications, Wellness, Fitness, First Aid, Geography, Earth Science, Citizenship, American History, Marksmanship and Map Reading. Call (915) 877-7844.

Career and Technical Education Program

The Canutillo ISD Career and Technical (CTE) Programs include multiple of disciplines including Science, Technology, Engineering and Mathematics (STEM) and Art programs. CTE prepares Canutillo students by obtaining a certification on a particular skill such as Pharmacology, International 911 Certification and Certified Nursing Assistant. The CTE program allows our Canutillo students to pursue a post-secondary education and prepares them for the work force. Call (915) 877-7563.

School of Music

The CISD School of Music includes innovative music, art and theater programming and instruction for students at all grade levels. In just two years, participation in all these programs has increased significantly, especially in the areas of music instruction. Band membership in middle and high schools has more than doubled in the last few years. Call (915) 877-7812.

Dual Language Program

All six CISD elementary schools offer the Two-Way Bilingual Education Program model that aims for academic, language and effective domains of both English and Spanish. Call (915) 877-7424.

No Place for Hate

The No Place for Hate program provides campus personnel and students with the resources to ensure that anti-bias and diversity education are integral parts of school curriculum. No Place for Hate challenges all students with an ongoing responsibility to create a school environment of respect. http://www.canutilloisd.org/AboutCISD/no_place_for_hate/

Attendance Boundaries

Attendance boundaries for all CISD schools can be found on the district website at www.canutilloisd.org. For more information regarding which school your child should attend, contact the individual campuses.

Dress Code

The District's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards,

provided they follow the guidelines set by the school they attend. Each school has their dress code posted in the student handbook, which may be found in English and Spanish under the District Information link on CISD's website www.canutillo-isd.org.

Meal Program

CISD is a participant in the Federal Universal Free Provision II Program. All students are provided with a free breakfast and lunch regardless of income. All items provided through Child Nutrition Services comply with the State Foods of Minimal Nutritional Value Policy. For more information regarding the food service program visit the web at http://www.canutillo-isd.org/departments/food_services.

Canutillo APP

The Parent Portal is a unique web-based tool that allows parents to securely view their child's grades and attendance online. Additionally, parents can communicate directly with their child's teachers and review online posted attendance grades, daily assignments, demographics, class schedules, progress reports and report card grades. Parents can also sign-up to receive notifications directly from the district or the school in which their child(ren) attend. http://www.canutillo-isd.org/AboutCISD/canutillo_isd_app/

Canutillo ISD Graduation Requirements:

Students graduating from Canutillo ISD must meet district and state graduation requirements.

Please visit page 70 to 79, Graduation Toolkit.

Clint Independent School District – The Clint Independent School District encompasses a diverse, geographically large area (379.9 square miles) within the Upper Rio Grande border region, 25 miles east of El Paso. The Far East El Paso area is one of the fastest developing areas in the county.

Clint ISD encompasses three major, separate and distinct communities – the Town of Clint, a stable farming and ranching area; the town of Horizon City, a growing suburban area; and the community of Montana Vista, an unincorporated area. The town of Clint is located in the fertile valley area on State Highway 20, approximately 18 miles southeast of El Paso. Horizon City and the Montana Vista areas are situated in the high desert to the north. The Montana Vista area flanks State Highways 62 and 180, about 24 miles to the north of Clint. Horizon City is also in the high desert at the midpoint of the district.

With an enrollment of a little over 11,000 students, Clint ISD has 14 campuses – four high schools, four middle/junior high schools and six elementary schools. Of the nearly 1200 districts in the state, Clint is among the top 100 in student population. The District employs 1450 full-time staff. The District’s 700 teachers are among the highest paid compared to other District’s in the county. Of the nine school districts in El Paso County, Clint is the largest in square mileage and has great potential for growth.

14521 Horizon Boulevard, TX 79928

Special Programs in the Clint Independent School District

- ✦ **Career Pathways** – All eighth through twelfth graders in the district are encouraged to select one of seven career pathways: Agricultural Science & Technology; Art, Communications & Media; Business & Marketing; Human Development, Management & Service; Health Science Technology; Industrial & Engineering Technology; Personal, Protective & Public Service. Students are counseled to select course offerings that match their interests and aptitudes.
- ✦ **Career and Tech Practicum Classes** – seniors are encouraged to participate in work-based learning experiences as time permits. While taking a class to strengthen their knowledge of the world of work, students serve in paid or unpaid internships under the supervision of a teacher who coordinates a training plan with their employers.
- ✦ **Clint High School** - Clint offers Cosmetology I and II where students can graduate as licensed Cosmetologists. Clint High School offers a wide range of agricultural classes, which including the Veterinary Science program which can lead to a Veterinarian Assistant Certification. Clint High School is a designated Science, Technology, Engineering, and Mathematics (STEM) school in which students can further their knowledge in these fields. Clint High School has been designated as one of the regions first P-TECH (Pathways in Technology Early College High School in the area of Automotive Technology. (Contact the counselors at (915) 926-8300 for more information).
- ✦ **Horizon High School** – College Readiness courses are offered to 9th and 12th graders if students meet college admissions requirements. The goal is to prepare students for college by submitting timely scholarships applications, college applications and resumes. Horizon offers Cosmetology I and II where students can graduate as licensed Cosmetologists.
- ✦ The campus also has implemented the full array of protective services courses, which include Firefighter Preparation, law enforcement and disaster response. The campus has just added Culinary Arts so that students can gain industry certifications in the service industries. (Contact the counselors at (915) 926-4200 for more information).
- ✦ **Mountain View High School-** The campus has a state-of-the-art HIPA facility with the latest equipment used in the industry. Mountain View High School also offers a full Health Profession’s Academy (HPA), which includes programs in Certified Nursing Assistant, Medical Coding and billing, Pharmacy Technician, Dental Hygienist and Emergency Response. The Information Technology Institute is – a four-year challenging course of study that prepares students for industry certifications such as A+, Network+, Linux+ and careers at the cutting edge of the Information Technology profession. “IT” students have built 200+ computers over the past three years. Students wishing to pursue a career in Criminal Justice can also get a jump-start with our Criminal Justice program where students can gain the fundamentals of the criminal justice system. (Contact the counselors at (915) 926-5000 for more information).
- ✦ **Clint Early College Academy** Early college high school is a bold approach, based on the principle that academic rigor, combined with the opportunity to save time and money, is a powerful motivator for students to work hard and meet serious intellectual challenges. Clint ISD Early College Academy (CECA) offers a blend of high school and college in a rigorous yet supportive program, compressing the time it takes to complete a high school diploma and the first two years of college.

It is the mission of CECA for its students to graduate with distinguished achievement while simultaneously earning an Associate's of Arts degree from El Paso Community College. CECA is one of the few campuses in the nation which allows students to participate and graduate with a strong background in computers sciences through the Microsoft TEAL program.

Clint ISD GT and AP Program

The Clint ISD Gifted and Talented Program are offered in grades K – 12 and the Advanced Placement program is implemented in grades 9 – 12. The GT program consists of special day classes, part time groupings and cluster groupings for identified gifted and talented students.

GT curricular components are planned and organized as integrated differentiated learning experiences within the regular school day and are supplemented with other differentiated activities related to the core curriculum, including independent study, accelerations and enrichment. GT program services may also be provided through Advanced Placement courses. Through college-level AP courses, dual credit and dual enrollment courses students have the opportunity to earn credit or advanced standing at most of the nation's colleges and universities.

Distinguished Level

The Clint ISD promotes to graduate with Distinguished Level of Achievement-(DL). Students also earn Performance Acknowledgements for successfully completing dual credit courses, AP exams, high scores on the SAT/ACT/PSAT, bilingualism and biliteracy, and industry certifications or licensures. These programs provide several options and educational opportunities for students to earn this educational distinction. The DL requires high performance beyond that expected of students in high school and it includes additional math and science courses. Students who complete the DL and have the accomplishment recognized on the Academic Achievement Record (transcript) must:

- *Complete all required courses; and
- *Successfully complete four advanced measures.

The State Board of Education (SBOE) has articulated the requirements to obtain advanced measures through test data, college courses and independent research/projects.

Dual Credit Program

Clint ISD is working in collaboration with El Paso Community College to offer classes for our students for college credit at their home campus. All students at the high school are encouraged to take the TSI test in order to place them in college credit courses. Clint ISD also offers a wide variety of OnRamps coursework in partnership with the University of Texas at Austin. Students can earn college credit through the OnRamps program which is transcribed as a UT Austin credit.

Students graduating from Clint ISD must meet district and state graduation requirements.

Please visit page 70 to 79, Graduation Toolkit.

Special Education Program

Clint Independent School District offers special services to students with special needs. Some of the services that are provided at the campus level:

- ✚ Support Facilitation in the General Education Classroom
- ✚ Co-taught Support in the General Education Classroom
- ✚ Resource Support

Many of the campuses house self-contained classes that work with students that are more involved:

- ✚ Developmental Skills Class (DSC),
- ✚ Academics Skills Class (ASC),
- ✚ Behavioral Adjustment Class (BAC),
- ✚ Early Childhood Special Education (ECSE) Class for students age 3 to 4 years of age
- ✚ Kinder Collaborative
- ✚ Pre-Kinder Collaborative
- ✚ Structured Learning Environment (SLE) Class

Related services students with disabilities may be eligible for to provide better access to the campus curriculum:

- ✚ **Auditory and Visually Impaired** -provide support for all students with hearing and visual impairments
- ✚ **Occupational Therapist** works with students to improve handwriting and/or fine motor skills.
- ✚ **Physical Therapist** works with students to improve mobility, coordination, balance, and gross motor skills.
- ✚ **Speech Therapist** provides students therapy to improve articulation, fluency, voice etc.
- ✚ **SPED Counselors** Provide therapy to improve students' coping, social and emotional skills.
- ✚ **Adaptive P.E. Teacher** works with students to improve access to the P.E. curriculum
- ✚ **Teachers for Students with Autism** work with students to improve social skills.
- ✚ **Homebound Services** - are provided to students who are confined to home due to a medical condition.

The department offers transition services to prepare students for the real world. Coordination of transition services is monitored by the Transition Specialist and provided by job coaches.

- ✚ **Community Based Instruction (CBI)** - is offered to students at the middle school and high school level with the assistance of the Job Coaches.
- ✚ **Campus Run Business** – campuses are able to run a business to teach important day to day life skills to students.

Evaluation Staff:

- ✚ **Diagnosticians** administer the diagnostic assessments to determine student academic eligibility for the special education program.
- ✚ **Speech Therapists** administer the assessment to determine student speech eligibility for the special education program.
- ✚ **Licensed Specialist in School Psychology** determine whether a student is emotionally disturbed or autistic through evaluation and observation. These are considerations when determining if the student qualifies to receive special education services.

Participation in Various Sports:

All athletes are encouraged to participate in any and all various sports in which they desire to participate. Pressure should not be placed on an athlete, directly or indirectly, to “specialize” in any one sport. To have an outstanding athletic program at our schools, ALL coaches must encourage and participate in “selling” the TOTAL sports program to our students. We are here to serve the young people. If you are visiting with an athlete of another sport about participating in your sport, the head coach of the sport should be present.

Sports Offered:

Clint High School and Mountain View High School participate in 1-AAAA and Horizon High School participates in 2-AAAAA. All of our high schools offer girls volleyball, cross country, tennis, golf, basketball, track and field, softball, cheerleading and soccer. Boys sports offered are: football, cross country, tennis, golf, basketball, track and field, baseball, cheerleading, and soccer. Wrestling is offered at Horizon High School. All of our middle schools offer volleyball, football, tennis, cross country, basketball, track and field, softball, baseball, soccer, and cheerleading.

ANTHONY INDEPENDENT SCHOOL DISTRICT (AISD) - Anthony ISD has three schools (PK-5; 6-8; and 9-12), where we anticipate a steady increase in enrollment over the next several years with the development of housing areas within the boundaries of AISD.

Anthony is unique in that it is considered a rural community by TEA standards, sitting midway between Las Cruces, New Mexico and downtown El Paso with accessibility from I-10, the Anthony Gap and Trans-Mountain.

Even though Anthony is a relatively small district, it has made a major investment in classroom technology and associated infrastructure. The role of technology at AISD is to achieve excellence and equity in student performance. This will be accomplished by using technology to expand student learning sources and accelerate instruction especially for all student groups, particularly our language minority students. For all students, technology is expected to stimulate creativity and curiosity as well as to assist in the development of problem-solving and higher order thinking skills. Technology in the classroom is utilized to establish the levels of technological literacy and competence that students will need in the future.

The district has made a full commitment to the Technology Applications, Texas Essential Knowledge and Skills (TEKS) and has focused Career and Technology courses in the areas of Business and Technology. Also, by utilizing curriculum and assessment tools provided by the district's CSCOPE curriculum framework, Eduphoria student data management system, a multitude of instructional software programs and teacher-made assessments, the district has the capacity to track and monitor student progress and achievement during the school year; and throughout the student's academic career. This also allows teachers to make continuous adjustments to instructional delivery to meet the student's academic needs. Differentiating the classroom instruction to meet the needs of individual learners is the primary focus of our academic efforts.

840 Sixth Street Anthony, Texas 79821

(915)886-6500

www.anthonysisd.net

Mission Statement

The district's mission is to prepare all students for life and learning beyond high school taking advantage of their unique bilingual and bi-cultural heritage. It is the goal of the district to have students not only meet state-assessment standards and the STAAR and EOC, but to achieve academic excellence.

Frequently called numbers in the Anthony Independent School District:

Anthony Independent School District	840 Sixth Street	(915) 886-6500

Special Programs in the Anthony Independent School District:

The Senior Project: Building Rigor and Complexity into the Senior Year

Anthony High School requires seniors to complete the Senior Project as a requirement for graduation. The Senior Project was adapted from the Distinguished Achievement Program requirements as outlined by the state of Texas. The AHS Senior Project is composed of five parts:

1. A formal proposal for the area of study;
2. A research paper on the related subject and processes involved;
3. A product that demonstrates the acquisition of knowledge and its application to a specific problem or investigation;
4. A portfolio that documents the intricacies and processes in developing the Senior Project;
5. A presentation to an adult panel who will question every aspect of the project.

Microsoft Office Specialist (MOS) Certification

This program being offered at Anthony High School provides its students computer skills widely being used in the business world. These skills include mastering Word and PowerPoint. The computer programs are recognized as world-wide standards for word processing and visual presentations.

TEKS RESOURCE INSTRUCTIONAL FRAMEWORK

TEKS Resource Framework is currently being utilized by over 850 school districts across the state of Texas to align the scope and sequence of instruction for all grade levels in the core course areas. The focus of the curriculum framework is to insure that all TEKS are addressed in preparation for the state accountability testing.

A+ Learning System

A software program that provides Credit Recovery, Remediation, ESL and Special Education enhancement programs for grades Pre-K through 12 in all subject areas including the core areas of: Mathematics, Language Arts, History/Geography, Science.

Gifted and Talented Program

The Gifted and Talented Program identifies and serves all qualifying GT students by providing appropriate academic support and challenges.

Scan Tech Science Labs

The middle school and elementary schools are equipped with new hands on Science lab programs designed to provide effective lab experiences to support Science instruction.

Dual Credit/Advanced Placement and College Readiness

Anthony ISD offers dual credit classes in English, Math, Psychology, Sociology, and Speech, as well as the College Board's Advance Placement classes in Biology, Spanish, World History, and Calculus.

Breakfast Express

The Anthony ISD provides breakfast in the classroom every day to its 800 plus students, ensuring an opportunity for every child to have something to eat prior to the start of instruction. A number of studies confirm that breakfast is important because it helps improve student alertness which leads to better learning.

Bilingual/ESL Education

Students who are identified as Limited English Proficient, have equal access to the curriculum and are educated by Highly Qualified teachers who Utilize Language Proficiency Standards and Sheltered Instruction strategies.

Career and Technology Education

Anthony High School offers Animation, Business Information Management, Practicum in Graphic Design, as well as classes off campus at El Paso ISD's Center for Career and Technology.

Special Education

Anthony Independent School District offers a free and appropriate public education to all children ages 3-21, who qualify for Special Education Services. Related services include Speech Therapy, Occupational Therapy, Physical Therapy, Special Education Counseling, as well as services for students with Auditory or Visual Impairments.

Anthony ISD Graduation Requirements:

Students graduating from Anthony ISD must meet district and state graduation requirements.
Please visit page 70 to 79, Graduation Toolkit.

For more information on House Bill 5: Foundation High School Program and to download a Graduation Toolkit visit: <https://tea.texas.gov/graduation-requirements/hb5.aspx>

San Elizario Independent School District (SEISD) - was established in 1870, when school children attended classes in a small adobe building known as “Los Portales.” The first teacher, Octaviano Ambrosio Larrazolo, later became governor of New Mexico (1919-1921) and a U.S. Senator (1928-1929). Today, one high school, one middle school, three elementary schools, and a primary school in San Elizario serve approximately 3,770 students over a radius of 16 sq. miles. Located in a farming community along the international border of the United States and Mexico, the San Elizario ISD rests just south of El Paso, Texas and is experiencing steady growth.

The town of San Elizario is one of the most historically rich areas of West Texas. Juan de Oñate reached the Rio Grande at or near the site of present San Elizario on April 20, 1598, and ten days later took formal possession of New Mexico and all adjacent territory in the name of the Spanish king. A settlement known as the Hacienda de los Tiburcios was founded at the site, then south of the Rio Grande, sometime before 1760 and had a population of 157 in 1765. In 1789 the Spanish presidio, located in the Valle de San Elizario opposite Fort Hancock, was moved to the Hacienda de los Tiburcios; the presidio kept its old name, however, and the settlement that grew up around it became known as San Elizario.

1050 Chicken Ranch Rd.

(915) 872-3900

<https://www.seisd.net>

Mission Statement

The San Elizario ISD vision statement: To graduate students with skills to meet the demands of a changing world by promoting student success as a nonnegotiable, channeling resources to match learning needs of students, employing and retaining a quality staff so that San Elizario is a proud, innovative and academically superior district.

Frequently called numbers in the San Elizario Independent School District:

Bilingual/ESL Coordinator	(915) 872-3900	
Communications Officer	(915) 872-3900 Ext. 3511	Fax (915) 872-3921

Technology	(915) 872-3935	Fax (915) 872-3926

Special Programs in the San Elizario Independent School District:

Advanced Placement (AP)

San Elizario High School offers AP classes that are designed to raise the academic expectations of its students. Students at San Elizario High School have the opportunity to take the following AP classes: Human Geography, Art History, Macroeconomics, World History Statistics, Calculus, Physics, Chemistry, Biology, Spanish, English III, English IV, Government, and U.S. History.

Dual Credit Courses

Beginning school year 2018-2019, SEISD will introduce the new Dual Credit Academy. The purpose of this academy is to provide students with an opportunity to earn as many as 37 core curriculum dual credit courses that help students earn an associate’s or bachelor’s degrees. An example of a student’s four-year dual credit plan may include the following:

Freshmen Year		Sophomore Year	
1 st Semester	2 nd Semester	1 st Semester	2 nd Semester
MUSIC 1306	SPCH 1321	GOVT 2305	GOVT 2306

Junior Year		Senior Year	
1 st Semester	2 nd Semester	1 st Semester	2 nd Semester
ENGL 1301	ENGL 1302	EDU 1300	ECON 2301
HIST 1301	HIST 1302	Total Hours: 37 College Credits	
MATH 1314	MATH 2412 (+Lab)		

Career & Technical Education Programs of Study

Students enrolled in grades nine through twelve are guided in their process of planning for the future by electing to graduate with an Endorsement in one or more of the following five areas: Arts and Humanities, Business and Industry, Multidisciplinary Studies, Public Service, and STEM. Career & Technical Education programs may be found under each of the Endorsements listed above. Students begin looking at different careers during their 7th grade year while enrolled in their Investigating Careers class, they are then further exposed to exciting career opportunities during their 8th grade year where they are able to enroll in various CTE courses such as: Computer Programming – PLTW Introduction to Computer Science; Principals of Applied Engineering; Principles of Arts, AV Technology & Communication; Principles of Business, Marketing & Finance; and Principles of Information Technology. They develop their individual 4-year plan and select a program of study which leads to one of the five Endorsement areas. They are individually counseled to ensure that courses selected match their interests and aptitudes.

Students at San Elizario HS have a variety of options when they enroll in the CTE program to include:

<ul style="list-style-type: none"> ❖ Architecture & Construction Construction Technology ❖ Arts, A/V Technology & Communication Audio/Video Production Graphic Design & Illustration ❖ Business Management & Administration Business Management ❖ Finance Accounting ❖ Hospitality & Tourism Culinary Arts ❖ Human Services Child Care Management Cosmetology 	<ul style="list-style-type: none"> ❖ Information Technology Computer Maintenance Networking Administration (Cisco) ❖ Law, Public Safety, Corrections & Security Corrections Security & Protective Services ❖ Science, Technology, Engineering, Mathematics Biomedical Science – PLTW Engineering – PLTW ❖ Transportation, Distribution & Logistics Automotive Technology
---	--

Distinguished Level of Achievement

Students must earn a Distinguished Level of Achievement to be eligible for top 10% automatic admission to Texas public four-year institutions. The Distinguished Level of Achievement requires more math and more science than the Foundation High School Program. A student may earn a Distinguished Level of Achievement by successfully completing:

- A total of four credits in mathematics, to include Algebra II;
- A total of four credits in science; and
- All remaining requirements for at least one endorsement.

A Distinguished Level of Achievement offers students the opportunity to earn an Endorsement in an area they are interested in, many more college and/or university options, more financial aid options, better preparation for college-level coursework at community/technical colleges and universities, the opportunity for immediate enrollment in classes related to a chosen field of study, and a strong foundation to successfully complete an industry workforce credential or college degree.

San Elizario ISD Graduation Requirements:

Students graduating from San Elizario ISD must meet district and state graduation requirements.
Please visit page 70 to 80, Graduation Toolkit.

Gifted & Talented Program

The main elements of any quality instructional program do not essentially change when differentiated for high ability students. All students need to reflect upon and respond to good literature, to write for a variety of audiences using much different intent, to conduct research effectively, to be able to analyze and solve mathematical problems and to understand the processes and content of social studies and science. Students in grades K-12 are served at their individual campuses with instruction based on the Texas Essential Knowledge Skills system and that will accelerate, compact, provide greater depth, and expand the content and its essential knowledge and skills requirements.

Naval Junior Reserve Officers Training Corps (NJROTC)

San Elizario High School offers an award winning NJROTC program for those students interested in exploring the world of the military. Competitive performance units are also part of the program.

Special Education

San Elizario Independent School District provides the following educational program/services to identified disabled children who reside within the district beginning on the third birthday through age twenty-two:

- ❖ Instructional programs – Early Childhood (3-5), Class Within a Class (K-12), Resource (K-12), Academic Self- Contained (K-12), Life Skills (EC-12)
- ❖ Diagnostic Services
- ❖ Transportation
- ❖ Speech Therapy
- ❖ Counseling Services
- ❖ Adaptive Equipment Services
- ❖ Physical Therapy
- ❖ Occupational Therapy
- ❖ Homebound Services

Birth through age twenty-two

Special Services are provided to children with visual or auditory impairment who reside within the district.

Bilingual/ESL Education

The San Elizario Independent School District is committed to addressing the needs of students who are identified as Limited English Proficient (LEP) and to provide Bilingual Education and English as a Second Language (ESL) programs that emphasize the mastery of English language skills that will enable English language learners to succeed and to master the Texas Essential Knowledge and Skills (TEKS).

- The future of San Elizario ISD

With a growing population in the San Elizario community, the need exists for the school district to continue to grow in order to provide a quality education and ensure student success. San Elizario High School features a state-of-the-art library that not only exceeds the state requirements necessary to provide that education, but extended weekly hours to ensure that the community will be able to utilize the facility as well.

Fabens Independent School District (FISD) - is located about 30 miles Southeast of El Paso, Texas, between I-10 and the Rio Grande. Fabens is surrounded by farm land which yield a variety of crops. Fabens ISD was the first district in Region 19 to be "Exemplary" for academic performance as designated by the Texas Education Agency. We are certainly proud of the work our teachers, school leaders and students have accomplished over the years. This standard of academic excellence continues to be our goal as we focus on high-quality programs for students, parents and employees to ensure success in everything we do.

Fabens Independent School District, one of the finest educational institutions in the Region 19 Educational Service Center Region. On behalf of approximately 2,300 students and nearly 400 employees that make up our super school district, we welcome you to our FISD website. We are proud of our "Wildcat" community.

P. O. Box 697 • Fabens, Texas 79838 821 NE "G" Avenue (915)765-2600 <https://www.fabensisd.net>

Mission Statement

All students in Fabens Independent School District will be successful, lifelong, global learners.

District Calendar

Student Attendance at Fabens ISD is 177 instructional days. The calendar for the current year can be found on the Fabens ISD website.

BILINGUAL PROGRAM- MISSION STATEMENT

The San Elizario Independent School District Bilingual and ESL Department will promote high academic achievement in all content areas through rigorous instruction by meeting the affective, linguistic and cognitive needs of all English Language Learners. Students will graduate prepared and inspired to continue on to a higher education institute where they will become successful, productive citizens in their community.

PROGRAM DESCRIPTION

The Fabens ISD Bilingual Education Program utilizes a One-way Dual Language program. The One-Way Dual Language program is a bilingual program in which native Spanish-speaking English language learners develop their English proficiency while maintain their native language proficiency. The One-Way Dual Language model provides 50% of instruction in Spanish and 50% of instruction in English to Spanish-speaking English language learners. Fabens ISD believes in ensuring that English Language Learners do not fall behind academically while they learn English. We believe that English should be

taught as a second language without sacrificing content knowledge. If students first learn to read in their native language and then transfer skills to English, they will develop stronger literacy skills in the long term. In our increasingly global society, we encourage native language retention as students are taught English.

MIGRANT DEPARTMENT

The Fabens ISD Migrant Education Program is a supplementary program that provides instructional and support services for eligible migrant students. Programs are designed to meet the unique needs of migrant students and provide the opportunity to reach challenging academic standards, to meet graduation requirements and prepare them for further learning or employment. Eligibility is determined through an interview process conducted by a trained recruiter. Children ages 0-21 are eligible to be served.

GIFTED & TALENTED PROGRAM

The Fabens Independent School District ascribes to the state definition of “Gifted and Talented”. Students served are in the top three to seven percent of the Kindergarten through grade twelve student populations. These students will be identified through multiple criteria as having outstanding performance or potential for performance in intellectual, creative and/or artistic areas and possess unusual leadership capacity and/or excel in specific academic fields.

ATTENDANCE

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with compulsory attendance, the other with attendance for course credit—are of special interest to students and parents. Please log onto our website at www.fabensisd.net to access FEA Local for information on Compulsory Attendance and FEC Local for information on Attendance for Credit.

TECHNOLOGY

Fabens ISD is committed to providing outstanding educational programs and resources for the academic, social and emotional growth of all students. Using technology in the classroom requires teachers to shift their focus from dispensing information to facilitating the acquisition of information. The technological and critical thinking skills required for students to locate and critically evaluate the expanding volume of information, is central to this plan. Workers of the future must not only be problem solvers and critical thinkers, but also lifelong learners, continually updating their skills. Employers are seeking workers skilled in oral presentations and with the ability to work collaboratively as an effective member of a team. The use of technology provides students with the opportunity to collaborate, publish, and interact with peers, experts, and other audiences. It further allows students to acquire experience and proficiency in preparing publications and producing technology-enhanced models, skills certain to contribute to their future success. We are committed to placing the most effective tools in the hands of students, and providing support for the students in the management of these tools.

SPECIAL EDUCATION- Instructional Settings and Services

✚ Instructional Arrangements

The Fabens Independent School District has the following instructional arrangements and services available to eligible students.

✚ Early Childhood (PPCD)

This program serves young children who have a disability (3-5 years of age), who need instruction in developing language, socialization skills, motor-development and self-help skills in a self-contained program.

✚ Fundamental Living Skills (FLS)

This program is designed for children who make better progress in a class with a smaller number of children than in the regular classroom. The emphasis is on skills for independent living. Students are served in a self-contained setting.

✚ Behavior Development Units (BD)

This program is for children with disabilities who are unable to progress in the regular classroom because of severe emotional and/or severe behavioral problems. This unit operates on a self-contained basis.

✚ Homebound

This program serves students with disabilities who are unable to attend classes due to health impairments which prohibit their attendance at school.

✚ Inclusion

Inclusion offers students in special education the opportunity to receive special education aids and services in the general education setting. In this setting, special education aids and services are offered to students in the regular education, rather than students having leave their class room for Resource or other support settings.

✚ Resource

Resource classes are located on all campuses and serve students with disabilities in academic areas where they are having problems making progress. Students spend the remainder of their day in the regular classroom.

✚ Speech Therapy

Therapy is provided for students with speech impairments who need assistance in developing communication skills or in the correct production of speech sounds.

✚ Transitional Learning Class (TLC)

This is a self-contained program that will serve students with disabilities with significant academic delays in all areas, at the elementary campuses. The students may be mainstreamed for various classes.

✚ Program for Academic and Vocational Skills (PAVS)

This program is for students with disabilities who have difficulty mastering the essential elements in the basic academic curriculum – reading, writing, math, science, social studies and health. The students may be mainstreamed for various classes. Emphasis is on academics and pre-vocation skills.

✚ Vocational Academic Program (VAP)

This program is for high school students with disabilities who would benefit from job related experience. Emphasis is on employment skills and academic skills. The student may be mainstreamed for various classes.

✚ Content Mastery

The idea of content mastery is to offer support to the student with special needs in the regular classroom. All major instruction is done by the regular education teacher in the mainstream classroom. Needed reinforcement and accommodations will be provided in the learning lab. A cooperative effort is used in which the content mastery teachers work with the regular education teachers.

In addition to providing the above instructional arrangements for special education students, the district also provides the following additional services to eligible students:

➤ Teacher for the Visually Impaired	➤ Extended School Year Services (ESY)
➤ Physical Therapy	➤ School Health Related Services
➤ In-Home Training	➤ Adaptive Assistive Devices
➤ Occupational Therapy	➤ Psychological Services
➤ Counseling Services	➤ Visual Itinerant Specialist
➤ Physical Education	➤ Auditory Impairment Specialist
➤ Transportation	➤ Extended Educational Programming

FABENS HIGH SCHOOL-Mission Statement

“Fabens High School will be a student centered institution of higher learning that will address and meet the needs of its students. The teachers and administrators will assure that all decisions made are based on what is best for the student, parents, teachers and the Fabens Independent School District. Every student will be treated as an individual and will secure the opportunity to a genuine education”.

Fabens ISD Graduation Requirements:

Students graduating from Fabens ISD must meet district and state graduation requirements.

Please visit page 70 to 79, Graduation Toolkit.

Fabens High School has an average of 150 to 170 students who graduate each year. Each graduating class, as they enter 9th grade, are placed on the Recommended Graduation Plan. Some graduate Distinguished, while others can drop to the Minimum Plan. The majority of our students graduate Distinguished or Recommended. 95.2% of this year’s class graduated on the Distinguished or Recommended Plan.

✚ Advanced Placement

AP and Pre AP classes are offered in all core subject areas as well as French and Spanish. Dual Credit classes are offered in all core subject areas. This year’s graduating class earned a total of 632 college hours through the Dual Credit and Advanced Placement classes.

✚ NJROTC

Our program at the high school is a four year program. The program serves as a community service organization as they are available to perform community services as Honor Guards, Color Guards and Highway cleanups. Our cadets can earn commissioned officer status if they sign up for any branch of the Armed Services. Students have a chance for big money scholarships while with this program.

✚ Community Service Hours

All National Honor Society members are asked to do community service for their resumes as they apply for scholarships.

✚ Workforce Youth Program

Fabens High School in coordination with the Workforce Development Group have employed several students for the summer.

✚ YMCA

The YMCA trains and employs students as Lifeguards for the summer at our local pool.

✚ EMT and Pharmacy Tech

Fabens High School offers both EMT and Pharmacy classes to Juniors and Seniors. EMT students must perform 40 hours of clinical as part of the program.

ATHLETIC PROGRAM-MISSION STATEMENT

The Fabens ISD Athletic Program exists to supplement the education process for those students who exhibit an interest in providing a forum for themselves to challenge their physical and emotional capabilities. The program will offer opportunities to these students to pursue and understand the values of attitude, commitment, responsibility, accountability, work ethic and team. The operational basis of the program is designed for each student to be challenged in these values through the day-to-day process of being in this program.

Programs Offered:

High School – Football, Girls Volleyball, Boys & Girls Cross-Country, Boys & Girls Basketball, Boys & Girls Wrestling, Boys & Girls Tennis, Boys & Girls Track & Field, Boys Baseball, and Girls Softball.

For questions and/or concerns, the Fabens Athletic Department can be contacted at (915) 765-2627.

➤ UIL Rules and Regulations

All athletic programs follow Texas University of Interscholastic League (UIL) Rules and Regulations. UIL regulates all aspects of athletics, from practice to game and officials. UIL also oversees the state play-off system that determines a state champion. Information and Rules & Regulations can be found at: www.uilutexas.org/

➤ Physical Exams

Physical exams are mandated by UIL and Fabens ISD prior to participation in UIL sanctioned sports and practices. Official physical forms must be completed by a certified doctor in order for a student to participate.

COTTON VALLEY EARLY COLLEGE HIGH SCHOOL- Mission Statement

Cotton Valley Early College High School exists as a bridge for rural high school students of far west Texas to master college expectations and go on to conquer the rigors of university and post graduate life.

FABENS MIDDLE SCHOOL-Mission Statement

To provide an educational environment that is conducive to learning so that each student will be equally responsible for their academic and social preparedness while establishing themselves as active, contributing members of society engaged in becoming life-long learners.

JOHANNA O'DONNELL INTERMEDIATE SCHOOL- Mission Statement

“A Place of Limitless Possibilities”

Our mission, vision and values outline who we are, what we seek to achieve, and how we want to achieve it. They provide a clear direction for our School and help ensure that we are all working toward the same goals.

Tornillo Independent School District (TISD) - Tornillo Independent School District is located approximately 35 miles southeast of El Paso. Our District is one of 12 school districts in the Region 19 Education Service Center area. Our students are taught in four campuses: Tornillo Elementary (Pre K through 3rd grade), Tornillo Intermediate (4th through 6th grade), Tornillo Junior High (7th and 8th grade) and Tornillo High (9th through 12th grade).

19200 Cobb Avenue, Tornillo, Texas 79853

(915) 765-3000

<https://tisd.ss3.sharpschool.com>

Mission Statement

Tornillo Independent School District is an accountable team of staff, students, and community members focused on the education of our students. It is important for our students to achieve their maximum potential in an environment that is fun and enhances the joy of learning.

Frequently Called Numbers in the Tornillo Independent School District:

Central Office	765-3000	765-3099
Technology Department	765-3035	765-3099
Ancillary Department	765-3482	765-3099
Special Programs	765-3000	765-3099
Tornillo High School	765-3500	765-3599
Tornillo Junior High School	765-3400	765-3499
Tornillo Intermediate School	765-3300	765-3399
Tornillo Elementary School	765-3100	765-3199

Tornillo Independent School District Goals:

1. Manages financial resources wisely and transparently while seeking to expand revenue to benefit and improve student performance
2. Values the partnership and involvement of our parents and community in decision making for our children's education
3. Recruits and retains a committed team of employees that are passionate about actively supporting our students' academic, social and emotional needs
4. Maintains a positive climate that promotes high expectations for all students, staff, families, and the community

5. Communicates effectively throughout the district and community by using all available resources
6. Provides state of the art technology and training to enhance student learning and real world skills
7. Administers a comprehensive long-range plan for facilities and equipment that is safe and beneficial to learning

Tornillo ISD Graduation Requirements:

Students graduating from Tornillo ISD must meet district and state graduation requirements.

Please visit page 70 to 79, Graduation Toolkit.

Bilingual & ESL Education

The mission of the Bilingual/English as a Second Language Program (ESL) at the Tornillo ISD is to provide every English Language Learner (ELL) student with the opportunity to develop their academic, cognitive, linguistic, and social potential to ensure their success as productive citizens of the 21st century.

Athletics

The Tornillo Independent School District believes that the district athletic program should be an integral part of the total education process.

The mission of the TISD Athletics program is to ensure and enhance the quality of life for the youth by providing competitive activities. The matching of one's skills, knowledge, and talent against friendly opponents is a means of learning one's own strengths and weaknesses. Good contest, properly supervised, give youthful competitors the opportunity to gain self-confidence, improve skills, exhibit good sportsmanship, ethical behavior and integrity. Sports programs help the participant develop physically, morally, and mentally.

Athletic offerings within the district are competitive and diversified, thereby allowing students the opportunity to realize their full potential relative to growth and development. All programs are designed not only to teach athletic skills, but also to instill good character and teach sound values. It is felt that the success of the athletic program sets the tone for the entire school year. It builds a positive self-image for the individual athlete, the team, the school, the community, and importantly, for Tornillo ISD.

It is our final goal that sports activities will produce young men and women who will be able to enter the community and become constructive, contributing members of society; citizens that will leave their mark on this world by making it a better place for the future generations.

Gadsden Independent School District (GISD) - The Gadsden Independent School District consists of twenty-three educational facilities and two administrative facilities, educating the children of southern Dona Ana County and Southern Otero county of New Mexico. Covering an area of 1400 square miles, the district educates approximately 14,000 students in programs stretching from preschool through the 12th grade. With four PRE-K Centers, fifteen elementary schools, three middle schools and four high schools, the education of the students of southern New Mexico is our primary goal. Welcome to our district, rich in culture and great in education.

Sunland Park, NM 88063 4950 McNutt Road (575) 882-6200 <https://www.gisd.k12.nm.us>

Mission Statement

The Gadsden Independent School District will ensure that all students will learn by putting education first. The district will provide quality educational opportunities conducive to learning that will facilitate students' individual goals.

Bilingual Education Multicultural Programs

Bilingual Education Multicultural Programs will value and build upon the linguistic, academic, and cultural experiences of students and families through bilingual, dual language, and ESL programs that develop mastery of the English Language and academic excellence.

Athletics

THE MISSION... The goal of the Gadsden Independent School District department of athletics is to provide the youth of the school district with the opportunity to develop physically, mentally, and emotionally to their maximum potential. This department seeks to achieve high levels of self-esteem and self-respect while emphasizing that athletics must compliment the overall expectations of our educational objectives.

OUR GOALS... to strive to develop and maintain a comprehensive athletic program, which seeks the highest development of all participants and respects the individual dignity of every athlete. Provide an athletic program that is totally integrated into the educational philosophy of the Gadsden Independent School District. Organize and promote an interscholastic athletic program that is in harmony with, and contributes to, the total school program. Consider the wellbeing of the entire student body as fundamental in all decisions and actions. Cooperate with the schools and administrative staffs in establishing, implementing, and supporting district policy. Provide opportunities for students to exhibit skills and increase participation. Provide opportunities to compete with and against others in preparation for a competitive society.

Enrollment Requirements for the El Paso Area Schools

ALL STUDENTS:

- ✚ Certified Copy of Birth Certificate or other reliable proof of the child's identity and age.
 - ✚ Health and Immunization records. <https://www.dshs.texas.gov/immunize/>
 - ✚ Report Card from the last school attended (or unofficial transcripts for sophomores, juniors and seniors).
 - ✚ Social Security Card (not required as school can issue a state number if one would prefer).
 - ✚ Proof of Residency (a current utility bill, rent receipt, lease agreement or Quarters Assignment Letter).
 - ✚ Valid identification of the person enrolling the student (driver's license, social security card, Passport or military identification).
 - ✚ Proof of income **if** applying for the National Nutritional School Program.
- A parent/responsible person must accompany the child to the school at the time of enrollment.
- Students who are 18 years of age and do not reside with a parent must complete a **Responsible Person Affidavit**. The responsible person must submit the items listed above and a power of attorney or court order.

Hand carry all recommended school records such as: withdrawal papers, birth certificate, health records, social security card, report cards, current IEP, letters of recommendation and all other information related to your child's education.

PRE-KINDERGARTEN: Child must be four years of age on or before September 1 of the current school year. Texas House Bill 1 was signed into law in May, 2006. The bill allows children of active duty military members and the children of active duty members who were killed or injured while on active duty to qualify to attend the state's pre-kindergarten program **FREE** of charge.

KINDERGARTEN: Child must be five years of age on or before September 1 of the current year.

The documents considered acceptable for proof of identification and age are:

- ✚ Birth certificate;
- ✚ Passport;
- ✚ School ID card, records, or report card;
- ✚ Military ID;
- ✚ Hospital birth record;
- ✚ Adoption records;
- ✚ Church baptismal record; or
- ✚ Any other legal document that establishes identity

FIRST GRADE - Child must be six years of age on or before September 1 of the current year, or Enrolled in grade 1 prior to transferring into the district. Proof of attendance in grade 1 must be presented to and accepted by the principal. Or under six year of age (sixth birthday comes after September 1 and before December 31 at the beginning of the scholastic year) and demonstrates mastery of the kindergarten essential elements as measured by a district-selected assessment instrument. A student who is five years of age on or before September 1 of the current school year is automatically eligible for first Grade for the full school term if the student has completed public school kindergarten.

Education Service Center – Region 19 Head Start is a federal program that provides educational opportunities and services to enhance the quality of life for economically challenged children and their

families. Services are provided throughout 12 school districts within El Paso and Hudspeth counties. A broad range of services include: Education, Health, Transportation, Nutrition, Disabilities, Mental Health and Family Services. Children are provided with a learning environment to help them develop socially, intellectually, physically, and emotionally in a manner appropriate to age and stage of development. The Early Head Start program services children age newborn to two years. The Regular Head Start program services children 3 years to 4 years of age. For more information please call (915) 790-4600/4610 or log onto: www.esc19.net.

Junior Reserve Officers Training Corps (JROTC) - is offered in the El Paso and Ysleta Independent School Districts. JROTC gives students the opportunity to study military science and its relationship to history, science and international relations. It may be used to satisfy state graduation requirements for electives and/or physical education. Throughout the four years, cadets are encouraged to participate in extracurricular activities as members of the Color Guard, Drill Teams, Rifle Teams, Physical Fitness Teams and Orienteering Teams. Two to four years in JROTC may qualify an individual for advanced rank on entering the military or advanced placement in the college level ROTC programs.

University Interscholastic League (UIL) – The UIL was created to provide leadership and guidance to public school debate and athletic teachers. Since 1909 the UIL has grown into the largest inter-school organization of its kind in the world. UIL exists to provide educational extracurricular academic, athletic, and music contests. Please note that varsity sports transfer is not available for students. Student transferring from their home school will not be eligible to play at transferring school until the following year. For more information or to download a sport physical form please call (512) 471-5883 or log onto www.uil.utexas.edu.

TEXAS IMMUNIZATION REQUIREMENTS

This chart summarizes the vaccine requirements incorporated in the Texas Administrative Code (TAC), Title 25 Health Services, §§97.61-97.72. This document is not intended as a substitute for the TAC, which has other provisions and details. The Department of State Health Services (DSHS) is granted authority to set immunization requirements by the Texas Education Code, Chapter 38.

A student shall show acceptable evidence of vaccination prior to entry, attendance, or transfer to a public or private elementary or secondary school in Texas.

NOTE: Shaded area indicates that the vaccine is not required for the respective grade.

Vaccine Required (Attention to notes and footnotes)	Minimum Number of Doses Required by Grade Level												Notes:
	Grades K - 6th						Grade 7th	Grades 8th - 12th					
	K	1	2	3	4	5	6	7	8	9	10	11	
Diphtheria/Tetanus/ Pertussis ¹ (DTaP/DTP/DT/ Td/Tdap)	5 doses or 4 doses						3 dose primary series and 1 booster dose of Tdap / Td <i>within the last 5 years</i>	3 dose primary series and 1 booster dose of Tdap / Td <i>within the last 10 years</i>					<p>For K – 6th grade: 5 doses of diphtheria-tetanus-pertussis vaccine; 1 dose must have been received on or after the 4th birthday. However, 4 doses meet the requirement if the 4th dose was received on or after the 4th birthday. For students aged 7 years and older, 3 doses meet the requirement if 1 dose was received on or after the 4th birthday.</p> <p>For 7th grade: 1 dose of Tdap is required if at least 5 years have passed since the last dose of tetanus-containing vaccine.*</p> <p>For 8th – 12th grade: 1 dose of Tdap is required when 10 years have passed since the last dose of tetanus-containing vaccine.*</p> <p>*Td is acceptable in place of Tdap if a medical contraindication to pertussis exists.</p>
Polio ¹							4 doses or 3 doses						<p>For K – 12th grade: 4 doses of polio; 1 dose must be received on or after the 4th birthday. However, 3 doses meet the requirement if the 3rd dose was received on or after the 4th birthday.</p>
Measles, Mumps, and Rubella ^{1, 2} (MMR)							2 doses						<p>For K – 12th grade: 2 doses are required, with the 1st dose received on or after the 1st birthday. Students vaccinated prior to 2009 with 2 doses of measles and one dose each of rubella and mumps satisfy this requirement.</p>
Hepatitis B ²							3 doses						<p>For students aged 11 – 15 years, 2 doses meet the requirement if adult hepatitis B vaccine (Recombivax[®]) was received. Dosage (10 mcg /1.0 mL) and type of vaccine (Recombivax[®]) must be clearly documented. If Recombivax[®] was not the vaccine received, a 3-dose series is required.</p>
Varicella ^{1, 2, 3}							2 doses						<p>For K – 12th grade: 2 doses are required with the 1st dose of received on or after the 1st birthday.</p>
Meningococcal ¹ (MCV4)							1 dose						<p>For 7th – 12th grade, 1 dose of quadrivalent meningococcal conjugate vaccine is required on or after the student's 11th birthday. Note: If a student received the vaccine at 10 years of age, this will satisfy the requirement.</p>
Hepatitis A ^{1, 2}	2 doses											<p>For K – 10th grade: 2 doses are required, with the 1st dose received on or after the 1st birthday.</p>	

Exemptions

Texas law allows (a) physicians to write medical exemption statements that the vaccine(s) required would be medically harmful or injurious to the health and well-being of the child or household member, and (b) parents/guardians to choose an exemption from immunization requirements for reasons of conscience, including a religious belief. The law does not allow parents/guardians to elect an exemption simply because of inconvenience (for example, a record is lost or incomplete and it is too much trouble to go to a physician or clinic to correct the problem). Schools should maintain an up-to-date list of students with exemptions, so they may be excluded in times of emergency or epidemic declared by the commissioner of public health.

Instructions for requesting the official exemption affidavit that must be signed by parents/guardians choosing the exemption for reasons of conscience, including a religious belief, can be found at www.ImmunizeTexas.com under "School & Child-Care." The original Exemption Affidavit must be completed and submitted to the school.

For children claiming medical exemptions, a written statement by the physician must be submitted to the school. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.

Provisional Enrollment

All immunizations must be completed by the first date of attendance. The law requires that students be fully vaccinated against the specified diseases. A student may be enrolled provisionally if the student has an immunization record that indicates the student has received at least one dose of each specified age-appropriate vaccine required by this rule. To remain enrolled, the student must complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible and provide acceptable evidence of vaccination to the school. A school nurse or school administrator shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If, at the end of the 30-day period, a student has not received a subsequent dose of vaccine, the student is not in compliance and the school shall exclude the student from school attendance until the required dose is administered.

Additional guidelines for provisional enrollment of students transferring from one Texas public or private school to another, students who are dependents of active duty military, students in foster care, and students who are homeless can be found in the TAC, Title 25 Health Services, Sections 97.66 and 97.69.

Documentation

Since many types of personal immunization records are in use, any document will be acceptable provided a physician or public health personnel has validated it. The month, day, and year that the vaccination was received must be recorded on all school immunization records created or updated after September 1, 1991.

Texas Department of State Health Services • Immunization Unit • MC-1946 • P. O. Box
149347 • Austin, TX 78714-9347 • (800) 252-9152

Educational Interstate Compact for Military Students:

Immunizations - Compacting states shall give thirty (30) days from the date of enrollment or within such time as is reasonably determined under the rules promulgated by the Interstate Commission, for students to obtain any immunization(s) required by the receiving state. For a series of immunizations, initial vaccinations must be obtained within thirty (30) days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission.

Documentation - Since many types of personal immunization records are in use, any document will be acceptable provided a physician or public health personnel has validated it. The month, day, and year that the vaccination was received must be recorded on all school immunization records created or updated after September 1, 1991.

GUIDANCE INFORMATION

Grading System- (Applies to El Paso ISD and Ysleta ISD ONLY)

Numerical scores are used in determining student academic achievement and are used to report to parents. All districts in Texas use a numerical scale of 0 – 100. A grade of 70 is the minimum for a student to pass a course and be awarded credit.

90-100 (A) 80- 89 (B) 75- 79 (C) 70- 74 (D) 0 - 69 (F)

Report Cards

Report cards are issued to each student following each marking period. The exact day will be noted on the school calendar and will be announced each grading period. The cards should be signed by parents or guardians and returned to the teacher the day after they have been issued. A midterm progress report is sent home through the students.

Attendance Policy – Texas Law 90% Rule –

A state law requires that students attend school for at least 90 percent of the days the class is offered. Otherwise, the student will not receive credit for the class. Each School District has been empowered to establish guidelines and appoint campus-based attendance committees which may consider extenuating circumstances and grant credit. Military parents are strongly advised to enroll their children **immediately** after arriving to Fort Bliss.

Pre Advanced and Advanced Placement Courses

Students are given opportunities for college-level learning and achievement through the Pre Advanced and Advanced Placement (AP) courses and examinations. The AP curriculum is tailored to topics and skills needed to pass the AP examination. The AP exams are given each year in May. A college-level textbook and a specified AP curriculum are used. Many colleges and universities grant college credit and/or grades to students who successfully pass AP exams.

Dual Credit

The Dual Credit Program is a partnership between high schools and El Paso Community College (EPCC) in which instruction is provided to high school students, tuition free, for immediate award of both high school credit and college credit, without leaving their home campus. The college course is a replacement rather than an addition. Students take just one class – the joint College/High School credit class – and get both high school credit and college credit for it. Please call your campus counselor or EPCC at 831-2575 for more information and to see if your campus will pay for your books or if you will be responsible for the cost of your books as this is a campus decision.

Special Education Services and Assistance

Schools provide services to all students who are identified as educationally disabled. If the Full Individual Evaluation shows that a student has one or more of the following conditions; he/she is eligible to receive special education services under the “Individuals with Disabilities Education Act” (IDEA). The following are the Eligibility Codes:

- | | |
|-----------------------------------|-------------------------|
| ✚ Learning Disability | Speech Impairment |
| ✚ Auditory Impairment | Autism |
| ✚ Visual Impairment | Multiple Disabilities |
| ✚ Deaf-Blind | Traumatic Brain Injury |
| ✚ Mental Retardation | Other Health Impaired |
| ✚ Emotional Disturbance | Orthopedically Impaired |
| ✚ Non-Categorical Early Childhood | |

*If the Full Individual Evaluation shows that the student does not have at least one of these conditions, he/she is not eligible for special education under the IDEA. However, he/she may be eligible for services under Section 504 of the Rehabilitation Act, which is a general education statute. (Please hand carry copies of all previous evaluations, reports and assessment documentation).

Anthony ISD Special Education Department	(915) 886-6509
Canutillo ISD Special Education Department	(915) 877-7450
Clint ISD Special Education Department	(915) 926-8500
El Paso ISD Special Education Department	(915) 230-2825
Fabens ISD Special Education Department	(915) 765-2690
Ysleta ISD Special Education Department	(915) 434-0900
Socorro ISD Special Education Department	(915) 937-1800
San Elizario ISD Special Education Department	(915) 872-3926
Tornillo ISD Special Education Department	(915) 765-3000

Exceptional Family Member Program (EFMP)

The Exceptional Family Member Program is a mandatory enrollment program that works with other military and civilian agencies to provide comprehensive and coordinated medical, educational, housing, community support, and personnel services to military families with special needs members. Soldiers on active duty are eligible to enroll in the program if they have a family member with a physical, emotional, developmental, or learning disability requiring specialized services. These needs are considered in the military assignment process.

For more information please call (915) 742-3715.

Youth Education Support Services (YESS)

The YESS assists military youth on Fort Bliss with transition issues and extracurricular activities from arts to life skills.

- ✚ Provide a youth sponsor for incoming youth at Ft. Bliss (Army Youth Sponsorship Program).
- ✚ Provide volunteer opportunities for youth to serve as youth sponsors or members of the Child,
- ✚ Provide parent classes related to youth education issues.
- ✚ Provide college and workforce information.
- ✚ Youth Volunteer Program
- ✚ Youth Leadership Initiative
- ✚ Build partnerships to enhance the educational environment and experience

For more information please call (915) 568-2784.

Education Service Center – Region 19 Head Start

- is a federal program that provides educational opportunities and services to enhance the quality of life for economically challenged children and their families. Services are provided throughout 12 school districts within El Paso and Hudspeth counties. A broad range of services include: Education, Health, Transportation, Nutrition, Disabilities, Mental Health and Family Services. Children are provided with a learning environment to help them develop socially, intellectually, physically, and emotionally in a manner appropriate to age and stage of development. The Early Head Start program services children age newborn to two years.

The Regular Head Start program services children 3 years to 4 years of age. **For enrollment information please call 790-4600/4610. Or <http://www.esc19hs.net/?head-start-centers>**

§74.71. High School Graduation Requirements:

(d) If an admission, review, and dismissal committee makes decisions that place a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the minimum high school program. *The graduation plans are determined by the individual ARD committees, following state-recommended guidelines.*

Transferred Student

An out-of-state or out-of-country transfer student (including foreign exchange students) or a transfer student from a Texas nonpublic school is eligible to receive a Texas diploma, but must complete all requirements to satisfy state graduation requirements. Any course credit required that is not completed by the student before he or she enrolls in a Texas school district may be satisfied through the provisions of Correspondence Courses, Distance Learning, Credit by Examination or by completing the course or courses according to the provisions relating to Award of Credit.

College Board advanced placement and International Baccalaureate courses may be substituted as appropriate for required courses in all three high school graduation programs. College Board advanced placement and International Baccalaureate courses may be used as electives in all three high school graduation programs.

Courses offered for dual credit in the core curriculum of an institution of higher education that provide advanced academic instruction beyond, or in greater depth than, the essential knowledge and skills for the equivalent high school course required for graduation may satisfy graduation requirements in the foundation curriculum and for languages other than English in all three high school graduation programs.

For information on the Interstate Compact on Educational Opportunities for Military Children, Article VII – Graduation, contact your School Liaison Office at (915) 569-5064.

For additional information visit the TEA website:

<http://ritter.tea.state.tx.us/rules/tac/chapter074/ch074g.html> or www.tea.state.tx.us

For information on the Interstate Compact on Educational Opportunities for Military Children visit: <http://www.mic3.net/>

Source: The provisions of this §74.71 adopted to be effective May 30, 2012, 37 Tex. Reg. 3808.

A student must earn at least 26 credits to complete the Recommended High School Program.

For other programs (Distinguished Achievement, EPISD 22+2 Graduation Plan, Minimum High School Program or Recommended Newcomer Graduation Plan) please see your school counselor.

To receive a Texas high school diploma, you must complete all the necessary coursework for graduation and pass all parts of the exit level Texas Assessment of Knowledge and Skills (TAKS). Families with incoming seniors should ensure that student is eligible for any state mandated testing before transferring to El Paso.

Graduation Program – Overview

Foundation High School Program

The Foundation High School Program with endorsements is a flexible program that allows students to pursue their interests. It is the default graduation program for students who entered high school in the 2014-15 school year or later.

The program contains up to four parts:

- A 22-credit foundation plan which is the core of the Texas high school diploma program
- Five endorsement[®] options that allow students to focus on a related series of courses
- A higher performance category called Distinguished Level of Achievement
- Performance Acknowledgments that note outstanding achievement in specific areas^{**}

The Foundation requirements (22 credits) include:

English (4 credits) • English I • English II • English III • An advanced English course

Mathematics (3 credits) • Algebra I • Geometry • An advanced math course

Science (3 credits) • Biology • Integrated Physics & Chemistry or an advanced science course
• An advanced science course

Social Studies (3 credits) • World History or World Geography • U.S. History
• U.S. Government (one-half credit) • Economics (one-half credit)

Languages Other Than English (2 credits) • 2 credits in the same language or
• 2 credits from Computer Science I, II, III

Physical Education (1 credit) **Fine Arts (1 credit)** **Electives (5 credits)**

Speech: Demonstrated proficiency

Endorsements Total credits with endorsements 26

Enhancements

Additionally, a student may earn the Distinguished Level of Achievement and/or a Performance Acknowledgment for outstanding performance. The Distinguished Level of Achievement must be earned to be admitted to a Texas public university under the Top 10 percent automatic admission law.

Distinguished Level of Achievement

- Foundation Program requirements
- 4 credits in math including Algebra II
- 4 credits in science
- at least 1 endorsement

Performance Acknowledgments Areas^{**}

- dual credit courses
- bilingualism and biliteracy
- PSAT, ACT ASPIRE[®], SAT or ACT
- Advanced Placement or International Baccalaureate exams
- earning a state-, nationally- or internationally-recognized business or industry certification or license

[®] A student entering 9th grade must indicate an endorsement he or she plans to follow.

A student may change or add an endorsement at any time.

A student may graduate without earning an endorsement if, after his or her sophomore year, the student's parent signs a form permitting the student to omit the endorsement requirement.

Texas Education Agency Graduation Toolkit

Distinguished Level of Achievement – *Benefits*

Choices determine options

Most of the very best jobs available now and in the future require education and training beyond a high school diploma. Whether you intend to pursue a high-demand, industry workforce credential from a community or technical college or a traditional four-year degree from a university, the choices made in high school will determine your future options.

To best prepare yourself now for the transition to post-high school education or quality workforce training, choosing and taking the right classes is essential. The Distinguished Level of Achievement will ensure the best preparation for your future.

Why it matters — *Benefits*

The Distinguished Level of Achievement opens a world of educational and employment opportunities for you beyond high school. The Distinguished Level of Achievement will:

- Allow you to compete for Top 10% automatic admissions eligibility at any Texas public university;
- Position you among those first in line for a TEXAS Grant* to help pay for university tuition and fees; and
- Ensure you are a more competitive applicant at the most selective colleges and universities.

*Must be financially qualified

What it means

The Distinguished Level of Achievement requires more math and more science than the Foundation High School Program. The Distinguished Level of Achievement requires:

- A total of four credits in math, including Algebra II;
- A total of four credits in science; and
- Successful completion of an endorsement in your area of interest.

Advantages

- Opportunity to earn an endorsement in an area of interest
- More college and university options
- More financial aid options
- Better preparation for college-level coursework at community/technical colleges and universities
- Opportunity for immediate enrollment in classes related to your chosen field of study
- Strong foundation to successfully complete an industry workforce credential or college degree

Texas High School Diploma - *Steps*

Distinguished Level of Achievement

26 Credits • Algebra II Required • Eligible for Top 10% Automatic Admissions to Texas Public Universities

22 Credits for the Foundation High School Program

Requirements of 1 Endorsement

(including 4 credits in both Math and Science and 2 additional electives)

Be sure to visit your school counselor to learn more about your options.
Students may earn more than one endorsement.

Texas Education Agency Graduation Toolkit

Endorsements – Choices

Endorsements

Students are able to earn one or more endorsements as part of their graduation requirements. Endorsements consist of a related series of courses that are grouped together by interest or skill set. They provide students with in-depth knowledge of a subject area.

Students must select an endorsement* in the ninth grade. Districts and charters are not required to offer all endorsements. If only one endorsement is offered, it must be multidisciplinary studies.

Students earn an endorsement by completing the curriculum requirements for the endorsement, including 4 credits in both math and science and 2 additional elective credits.

Students can choose from 5 endorsement areas

Science, Technology, Engineering and Mathematics (STEM)

- Career and Technical Education (CTE) courses related to STEM
- Mathematics
- Science
- Computer Science
- Combination of no more than two of the categories listed above

Business and Industry (one of the following or a combination of areas)

- Agriculture, Food and Natural Resources
- Architecture and Construction
- Arts, Audio/Video Technology and Communication
- Business Management and Administration
- Finance
- Hospitality and Tourism
- Information Technology
- Technology Applications
- Transportation, Distribution and Logistics
- English electives in:
 - advanced broadcast journalism
 - advanced journalism
 - debate
 - public speaking
- Manufacturing
- Marketing

Public Services (one of the following)

- Human Services
- Law
- Corrections and Security
- Health Science
- Public Safety
- Education and Training
- Government and Public Administration
- Junior Reserve Officer Training Corps (JROTC)

Arts and Humanities (one of the following)

- 2 levels each in two languages other than English (LOTE)
- 4 levels in the same LOTE
- Courses from one or two areas (music, theater, art, dance) in fine arts
- English electives not included in Business and Industry
- Social Studies
- American Sign Language (ASL)

Multi-Disciplinary Studies (one of the following)

- 4 advanced courses from other endorsement areas
- 4 credits in each foundation subject area, including English IV and chemistry and/or physics
- 4 credits in Advanced Placement, International Baccalaureate, or dual credit selected from English, mathematics, science, social studies, economics, LOTE or fine arts

*Visit your school counselor to learn more about your options.
Students may earn more than one endorsement.

ENDORSEMENTS

Graduation Program – Checklists

8th Grade

- Review** choices offered under the **Foundation High School Program** and the **Endorsements** to decide on your future academic path.
- Select** the endorsement that best fits your area of personal interest and the major you plan to study in college.
- Recognize** that most college entrance requirements include rigorous advanced courses including **Algebra II**, higher-level science courses and languages other than English.

9th/10th Grade

- Monitor** high school credits; be sure to meet all **local and state requirements**.
- Take dual credit** or **Advanced Placement courses** if possible to earn college credit while still in high school.
- Keep** list of awards, honors and extracurricular activities for scholarship and college applications.
- Research** colleges or universities you are interested in attending. **Check** admission and application requirements and timelines.
- Explore** interests and take advantage of **Career Day** opportunities.
- Attend college nights** hosted by your high school. **Talk** with school representatives about the types of financial aid available.
- Take** the Preliminary SAT (PSAT)/National Merit Scholarship Qualifying Test in your sophomore year for practice. In your junior year, take the PSAT for eligibility for the National Merit Scholarship Competition. Students who take the PSAT or ACT ASPIRE, tend to score higher on the SAT or ACT than those who do not.

11th/12th Grade

- Take dual credit** or **Advanced Placement courses** if possible to earn college credit while you are still in high school.
- Check** with your counselor's office to learn about available scholarships. Be sure to apply early and for as many scholarships as possible. Do not limit yourself to local scholarships.
- Consider** taking SAT/ACT preparation classes. **Sign up** and take the ACT and/or SAT test, preferably in your junior year but no later than the fall of your senior year.
- Fill out** the FAFSA (Free Application for Federal Student Aid) early in the spring of your senior year.
- Apply** to college during the fall of your senior year.

If you plan to pursue technical training or enter the workforce after graduation, see the Information - *Workforce Resources* page or visit Texas Reality Check at www.texasrealitycheck.com/.

Compare College TX is an interactive, mobile-friendly web tool designed to help students and parents learn more about Texas public universities and community/technical colleges.

Did you know...

credit

students can earn college credit while still in high school by taking Advanced Placement courses and earning high scores on the AP tests or by enrolling in and passing dual credit courses?

eligible

students ranked in the Top 10 percent of their graduating class from an accredited public or private Texas high school may be eligible for automatic admission to a Texas public university if they have completed the Distinguished Level of Achievement?

earnings

over their lifetime a high school graduate with a bachelor's degree earn 84 percent more* than a high school graduate?

tuition

the highest ranking graduate at each Texas public high school receives a certificate from the Texas Education Agency that can be used as a scholarship to cover tuition costs at any Texas public college or university?

*Center on Education and the Workforce, "The College Payoff: Education, Occupations, Lifetime Earnings," August 2011. Georgetown University

Career

If you are considering going straight into the workforce or into a technical training program following graduation, you still need to complete your high school education and earn a high school diploma.

While in high school, you will want to:

- Look** at the five endorsements offered under the Foundation High School Program.
- Determine** your area of interest.
- Complete** your selected endorsement along with the required foundation program to earn your high school diploma.
- Learn** about available jobs, and any required post-high school or technical training.
- Explore** new career opportunities.
- Research** wage and occupation information, required levels of education and training requirements.
- Discover** your interests and abilities; use labor market resources at www.texasrealitycheck.com/ and at www.texasworkforce.org/customers/jsemp/career-exploration-trends.html.
- Research** which jobs are among the fastest and most in-demand in Texas at www.texascaresonline.com/hotshots/hotshotslists.asp.

Community College & Career Schools

- Find** training and certifications for specific occupations or skills through community colleges or career schools and colleges at www.texasworkforce.org/svcs/propschools/career-schools-colleges.html.

Did you know...

training

many of the high-demand jobs¹ will require some postsecondary education?

tuition

students attending community colleges or trade schools may also be eligible for state or federal financial aid?²

credential

that Texas public school students can earn a Performance Acknowledgement on their transcripts by earning a state-, nationally- or internationally-recognized credential for a specific professional occupation, such as certified nurses' aid certification (CAN) or computer tech certification (CTC) while in high school?

earnings

over their lifetime, high school graduates with a workforce certificate from a community or technical college earn 20 percent more³ than those with only a high school diploma?

Graduation Program – Glossary

Foundation High School Program

The basic 22-credit graduation program for Texas public school students.

Endorsements

Areas of specialized study. The areas are:

- Science, Technology, Engineering and Mathematics (STEM)
- Business and Industry
- Arts and Humanities
- Public Services
- Multidisciplinary Studies

A district or charter that offers only one endorsement must offer Multidisciplinary Studies.

Distinguished Level of Achievement

A high level of academic achievement earned by going beyond the Foundation High School Program. It requires a total of 26 course credits, including Algebra II, a fourth science credit and an endorsement. A student must earn this designation to be eligible for Top 10 percent automatic admission to a Texas public university.

Performance Acknowledgments

Students may earn an additional acknowledgment on their transcripts because of outstanding performance in areas such as dual credit courses and bilingualism and biliteracy; on Advanced Placement, International Baccalaureate, PSAT, ACT ASPIRE[®], the SAT or ACT exams; or by earning a state-, nationally- or internationally-recognized business or industry certification.

Course Credit

A unit of measure awarded for successful completion of a course. Completion of a one semester course typically earns one-half credit for a student.

Industry Workforce Credential

A state-, national- or internationally-recognized credential that aligns with the knowledge and skills standards identified by an association or government entity representing a particular profession or occupation and valued by business or industry. Examples include a credential for certified nurse aid (CNA) or the automotive service excellence (ASE) certification in the automotive industry.

STAAR

State of Texas Assessments of Academic Readiness (STAAR) is the state-mandated test given annually to students in grades 3-8 and in five high school courses.

EOC

STAAR end-of-course exams are state mandated tests given during the final weeks of a high school course. In addition to meeting graduation course requirements, students are required to pass five end-of-course exams to earn a diploma from a Texas public high school. Those five exams are given when a student takes English I and II, Biology, Algebra I and U.S. History courses.

In 2011-2012, Texas student assessments change from TAKS (Texas Assessment of Knowledge and Skills) to STAAR (State of Texas Assessments of Academic Readiness). The name change reflects a shift in focus from current achievement to assessment of academic readiness for future success. This shift brings a tighter alignment between the taught and tested curriculum by testing current grade level TEKS (except for 5th and 8th grade science) and by matching the rigor of the test item with the rigor of the TEKS. The change from TAKS to STAAR is particularly significant for high school courses as it represents a shift from testing TEKS from multiple courses to testing TEKS only from the course students are enrolled in. Additionally, Algebra II and English III will contain test items that are coded as College and Career Readiness items. Please see attached TEA information brochure on the next two pages.

THE STATE OF TEXAS ASSESSMENTS OF ACADEMIC READINESS (STAAR)

Student Testing Program Guide

What is STAAR?
STAAR stands for State of Texas Assessments of Academic Readiness, which is the state's student testing program. The assessments are based on the Texas Essential Knowledge and Skills, which are the state curriculum standards. Beginning in grade 3 through high school graduation, students will be tested in the core subject areas of reading, writing, mathematics, science and social studies.

What is the purpose behind STAAR or the standardized testing of my child?
STAAR tests show whether a student has mastered specific knowledge of a core subject at a certain grade level. Test results should provide parents assurance that their child is prepared to enter the next grade level within their school district or any Texas district. Finally, the results provide educators and administrators with uniform information about where to focus resources – especially in the core subjects being taught.

How many STAAR tests are there each year in elementary and middle school?
The number of tests taken each year will vary, depending on the grade level:

- Grade 3 – Mathematics, Reading
- Grade 4 – Mathematics, Reading, Writing
- Grade 5 – Mathematics, Reading, Science
- Grade 6 – Mathematics, Reading
- Grade 7 – Mathematics, Reading, Writing
- Grade 8 – Mathematics, Reading, Science, Social Studies

What are the five tests required in high school?
In order to graduate from a Texas public high school, students must pass five end-of-course tests:

- English I
- English II
- Algebra I
- Biology
- U.S. History

Unless a student is eligible for an accommodation, each student will have four hours to complete each assessment – except for the high school English I and English II end-of-course exams which have a five-hour time limit.

What if my child took one of these courses with a required end-of-course exam in middle school?
If a student is enrolled in grade 8 or below and takes a course for which there is a STAAR end-of-course assessment, that student is required to take the applicable STAAR end-of-course assessment. Though taken in middle school, the tests will count toward the state's high school graduation requirement.

How will STAAR be administered?
STAAR assessments for grades 3-8 are administered in a paper format only. The high school STAAR end-of-course assessments are offered in both online and paper formats.

How many days will be devoted to testing each year?
Most students will spend two to four days out of the 180-day instructional year taking state tests. These are the only days required by the state for testing. Students in fifth and eighth grades who must meet promotion requirements will have additional retesting opportunities, as will students who fail any end-of-course tests. Additionally, state law limits the amount of local benchmark testing that can occur.

Will students who receive special education services take the STAAR?
The admission, review, and dismissal (ARD) committee for a student who receives special education services will determine the appropriate test. Some students will take the general STAAR. An alternative test will be available for students with the most significant cognitive difficulties.

Where can I find more information about STAAR?
The latest information about STAAR can be found on the Texas Education Agency website at www.tea.state.tx.us/student.assessment/staar/.

IMPACT AID PROGRAM

History:

The Impact Aid law (now Title VIII of the Elementary and Secondary Education Act of 1965) has been amended numerous times since its inception in 1950. The program continues, however, to support local school districts with concentrations of children who reside on Indian lands, military bases, low-rent housing properties, and other Federal properties, or who have parents in the uniformed services or employed on eligible Federal properties. The law refers to local school districts as local educational agencies, or LEAs.

1950 – Original legislation enacted by P.L. 81-815 and P.L. 81-874
 1994 – Became Title VIII of the Elementary and Secondary Education Act (repealed 81-815 and 81-874) Due for reauthorization

HOW DO SCHOOL DISTRICTS USE IMPACT AID?

Most Impact Aid funds, except for the additional payments for children with disabilities and construction payments, are considered general aid to the recipient school districts; these districts may use the funds in whatever manner they choose in accordance with their local and State requirements. Some Impact Aid funds must be used for specific purposes.

School districts use Impact Aid for a wide variety of expenses, including the salaries of teachers and teacher aides; purchasing textbooks, computers, and other equipment; after-school programs and remedial tutoring; advanced placement classes; and special enrichment programs. Payments for Children with Disabilities must be used for the extra costs of educating these children.

The mission of the Impact Aid Program is to disburse Impact Aid payments to local educational agencies that are financially burdened by federal activities and to provide technical assistance and support services to staff and other interested parties.

IMPACT AID PROGRAM COMPONENTS

Payments for Federal Property (Section 8002)

Payments for Federal Property assist local school districts that have lost a portion of their local tax base because of Federal ownership of property. To be eligible, a school district must demonstrate that the Federal Government has acquired, since 1938, real property with an assessed valuation of at least 10 percent of all real property in the district at the time of acquisition.

Basic Support Payments (Section 8003b)

Basic Support Payments help local school districts that educate federally connected children. These may be the children of members of the uniformed services, children who reside on Indian lands, children who reside on Federal property or in federally subsidized low-rent housing, and children whose parents work on Federal Property. In general, to be eligible for assistance a local school district must educate at least 400 such children in average daily attendance, or the federally connected children must make up at least 3 percent of the school district's total average daily attendance. Heavily Impacted Districts that enroll certain percentages of federally connected children and meet other specific statutory criteria, receive increased formula payments under Section 8003(b)(2).

Children With Disabilities Payments (Section 8003d)

Payments for Children with Disabilities provide additional assistance to school districts that educate federally connected children who are eligible for services under the Individuals with Disabilities Act (IDEA). These payments are in addition to Basic Support Payments and IDEA funds provided on behalf of these children. A school district that receives these funds MUST use them for the increased costs of educating federally connected children with disabilities.

Construction Grants (Section 8007)

Construction Grants go to local school districts that educate high percentages of certain federally connected children — both children living on Indian lands and children of members of the uniformed services. These grants help pay for the construction and repair of school buildings. Section 8007(a) provides formula grants to the local school districts based on the number of eligible federally connected children they educate. Section 8007(a) was not funded in fiscal year 2008. Section 8007(b) provides competitive grants for emergency repairs and modernization.

Facilities Maintenance (Section 8008)

The U.S. Department of Education owns a limited number of school facilities that are operated by local educational agencies that serve military installations. Section 8008 grants help maintain these federally owned school facilities and restore or improve them where appropriate to enable an LEA to accept ownership. The Department directly oversees construction projects, unless the LEA has agreed to accept transfer of the facility, in which case funds may be provided to the LEA to complete the project after the transfer.

IMPACT AID OVERVIEW

Many local school districts across the United States include within their boundaries parcels of land that are owned by the Federal Government or that have been removed from the local tax rolls by the Federal Government, including Indian lands. These school districts face special challenges — they must provide a quality education to the children living on the Indian and other Federal lands, while sometimes operating with less local revenue than is available to other school districts, because the Federal property is exempt from local property taxes.

Since 1950, Congress has provided financial assistance to these local school districts through the Impact Aid Program. Impact Aid was designed to assist local school districts that have lost property tax revenue due to the presence of tax-exempt Federal property, or that have experienced increased expenditures due to the enrollment of federally connected children, including children living on Indian lands. The Impact Aid law (now Title VIII of the Elementary and Secondary Education Act of 1965 (ESEA)) provides assistance to local school districts with concentrations of children residing on Indian lands, military bases, low-rent housing properties, or other Federal properties and, to a lesser extent, concentrations of children who have parents in the uniformed services or employed on eligible Federal properties who do not live on Federal property.

Nearly 95 percent of the \$1.27 billion appropriated for FY 2012 is targeted for payment to school districts based on an annual count of federally connected school children. Nearly 2.68 percent assists school districts that have lost significant local assessed value due to the acquisition of property by the Federal Government since 1938. \$17.4 million is available for a competitive discretionary construction grant program for which certain Impact Aid-eligible school districts can apply.

The Impact Aid Program recognizes our special responsibility to the federally connected children, including Children living on Indian lands and Military dependents- children who belong to all of America.

Charter Schools

A Charter school is a public school of choice which operates independently of local school districts. Charter schools are non-sectarian and must follow rules and regulations that govern civil rights, health and safety issues. Charter schools are allotted per-student tax dollars for operating revenue and generate additional funding through private and corporate donations as well as state and federal grants.

HOME SCHOOLING RESOURCES

The following sites contain information related to policies, resources, support, and supplies.

Home Schooling in Texas

The Texas Education Agency does not regulate, index, monitor, approve, or register the programs available to parents who choose to home school. A school age child residing in Texas who is pursuing, under direct supervision of his/her parents, a curriculum designed to meet basic education goals is attending a private school within the meaning of Section 25.086(a)(1) of the Texas Education Code and is therefore exempt from compulsory school attendance. The State of Texas does not award a diploma to students that are home schooled. In the event a home-schooled student wished to enter a public school, most districts have policies and procedures in place to assess the mastery level of courses that students in home schools have taken. The results of the assessment may be used for grade placement and /or award of credit. For more information:

https://tea.texas.gov/Texas_Schools/General_Information/Finding_a_School_for_your_Child/Home_Schooling/

Home School Notification of Withdrawal from Public School

If your child attends public school, you will need to formally withdraw the student from the public school system so that the school knows it is no longer responsible for your child. If you fail to do this, you might have to deal with truancy issues when your child fails to attend school. How you formally withdraw a child from a public school varies by school district. Please be sure you contact the student's school or District's Pupil Services to complete Notification/Withdrawal Form, if you are planning to Home School.

For more information visit the Texas Education Agency websites:

https://tea.texas.gov/About_TEA/Laws_and_Rules/

Texas compulsory school attendance age

From age 6 to 19, children must attend school, either public or private (includes homeschooling), until they graduate or get a GED. If a child has been enrolled in school for prekindergarten, kindergarten, or 1st grade, the child must continue going to school that academic year, even if he or she is not yet 6.

HSLDA believes that a parent-issued diploma and transcript should be sufficient to demonstrate that a child has completed a secondary education. However, even if your child is beyond compulsory school attendance age, there may be situations where you would want to continue to follow the requirements of a home education option recognized under Texas law until your child graduates from high school (filing a home education notice, keeping attendance and other records, etc.).

These records may be requested in some situations, such as obtaining a driver's license if your child is a minor, [enlisting in the military](#), applying to colleges, or [demonstrating eligibility for Social Security benefits](#). If you are a member of HSLDA and would like additional details, please [contact us](#).

Withdrawing your child from his or her current school

If you want to start homeschooling during the school year and your child is currently enrolled in a public or private school, HSLDA recommends that you formally withdraw your child from that school. If you are

going to start homeschooling after the school year is over, and your child is considered enrolled for the following year, we recommend that you withdraw your child before the next school year begins, so that the school does not mark your child as absent or truant.

We invite you to become a member of HSLDA to receive specific advice about withdrawing your child from school and starting to homeschool. Local schools may have specific forms or withdrawal procedures. HSLDA members are eligible to receive individualized advice about whether complying with those procedures is advisable or required. HSLDA members are also eligible to use the sample letter of withdrawal for Texas available in [Member Resources](#) to correspond with school officials.

We generally recommend that any correspondence with authorities be sent “Certified Mail—Return Receipt Requested.” Keep copies of the withdrawal letter and any other paperwork or correspondence, and any green postal receipts, for your personal records.

Note: If your child has never attended a public or private school, this section does not apply.

Complying with Texas’s homeschool law

In Texas, homeschools are considered to be private schools. To legally homeschool, you will need to follow these requirements:

1. Teach the required subjects. ▼

The required subjects are: math, reading, spelling and grammar, and a course in good citizenship. Although science and history are not required by state law, any college your student applies to will require them for admittance, so you’ll want to make sure to teach those too.

2. Use a written curriculum. ▼

The private school law as interpreted by the Texas Supreme Court requires that you use some form of written curriculum (online programs meet this requirement) and that you operate your homeschool in a “bona fide” manner.

Here is what to do if you are contacted by the public school about where your child is enrolled:

If you are contacted by the public school wanting to know where your child is enrolled in school, you should send a letter assuring the school that your children are being legally taught at home. (If you are an HSLDA member, use the form letter [here](#).)

The importance of recordkeeping

You can find Texas’s specific recordkeeping requirements, if any, above. Regardless of what state you live in, HSLDA recommends that you keep detailed records of your homeschool program. These records may be helpful if you face an investigation regarding your homeschooling or your student needs to furnish proof of education.

These records should include attendance records, information on the textbooks and workbooks your student used, samples of your student’s schoolwork, correspondence with school officials, portfolios and test results, and any other documents showing that your child is receiving an appropriate education in compliance with the law. You should maintain these records for at least two years. You should keep your student’s high school records and proof of compliance with the home education laws during the high school years (including any type of home education notice that you file with state or local officials) on file forever. HSLDA’s high school webpage has [additional information](#) about homeschool recordkeeping.

Home School Legal Defense Association is a national advocacy organization that supports the right of parents to educate their children at home. We are dedicated to protecting the legality of your homeschool while equipping you to successfully teach your children.

HSLDA members have 24/7 phone and email access to our staff of attorneys and legal assistants, who can help you understand the homeschool law in your state and will go to bat for you if a school official or other authority challenges your homeschool. Our 80,000 members—families like you!— also receive personalized advice on everything from homeschooling a high schooler to teaching a child with special needs from our team of education consultants.

U.S. Department of Education

Home School Study Program Accredited by Texas Education Agency

Texas Tech University is accredited by the Southern Association of Colleges and Schools. High School, middle school and elementary courses are approved by the Texas Education Agency. Texas Tech University Independent School District (TTUISD) was established by the State Board of Education in fall 1993 initially as a Texas public high school able to offer high school diplomas at a distance. Texas Tech University Elementary School and Texas Tech University Middle School were added to TTUISD in fall 1998.

TUTORING RESOURCES

www.myarmyonesource.com/cyss_tutor - Military service members and their dependents around the world can work with a certified, professional tutor online 24/7 to get help with homework, studying, test prep, resume writing, and more. This resource is available for all: active, wounded, Reserve Component, National Guard and Army civilians (including survivors). www.tutor.com - Tutor.com offers one-to-one learning solutions for students and professionals. All services are live, on demand and online. Homework help, Guard and Army civilians (including survivors).

www.tutor.com - Tutor.com offers one-to-one learning solutions for students and professionals. All services are live, on demand and online. Homework help, tutoring, peer coaching. Online 24/7 ready to help.

ADDITIONAL RESOURCES

College Board—Connect to College Success

The College Board is a not-for-profit membership association whose mission is to connect students to college success and opportunity. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success — Among its best-known programs are the SAT®, the PSAT/NMSQT®, and the Advanced Placement Program® (AP®). <http://www.collegeboard.org>

General Education Development (GED)

For information about obtaining a GED, <https://tea.texas.gov/HSEP/>

Ketia4Kidz Foundation

The Foundation will provide enrichment and outreach activities, to include mentoring that nurture and sustain the children during the time a parent[s] is away in service to our country. <http://ketia4kidz.org/>

Adrian & Corena Swanier Education Scholarship

This program will award scholarships for use towards a four year degree, vocational, or technical certificate.

https://ketia4kidz.org/scholarship-military-ids/adrian_and_corena_swanier_education_scholarship.html

Military Child Education Coalition (MCEC)

MCEC is a nonprofit organization which promotes partnerships and provides for networking of military installations and their supporting school districts to address transition and other educational issues related to the military child. MCEC seeks to include all military installations, their supporting schools, concerned organizations, and caring individuals. For more information go to www.MilitaryChild.org

Military Handbooks (Scholarship Information)

These handbooks, written specifically for military service members, include a variety of information to include scholarship information for military children. Free Download at www.militaryhandbooks.com

Military Impacted Schools Association (MISA)

Military Impacted Schools Association (MISA) is a national organization representing school districts that serve high concentrations of military children. Our associate members include all U.S. Air Force bases and some Navy installations. The organization works to provide a continuum of quality education for all military children. Formed in 1986, MISA works on funding, legislation, partnerships and programs for military families on the move. www.militaryimpactedschoolsassociation.org

Military One Source and ARMY One Source

Military One Source and Army One Source are ready to assist you twenty four hours a day, three hundred sixty five days a year. www.militaryonesource.com or www.myarmyonesource.com.

DODEA Educational Partnership

The Educational Partnership promotes quality education, seamless transitions and deployment support for military students through outreach and partnership development. <http://www.dodea.edu/Partnership/>

National Military Family Association (NMFA)

In addition to providing information on deployment, education, family life, and health care, NMFA provides valuable links to other useful sites designed to give you the latest information available. The site includes a "Back to School" section which includes links to valuable information on education for students and parents. <https://www.militaryfamily.org/>

Military & Department of Defense (DOD) Special Education

Military and Department of Defense describes various aspects of a military special education and the unique issues these children face, including frequent transfers in and out of schools with different levels of instructional programming, and the emotional issues that accompany the deployment of family members. <https://www.wrightslaw.com/info/dod.index.htm.may25>

Sesame Street Family Connections <http://www.sesamestreetfamilyconnections.org>

Specialized Training of Military Parents– "STOMP is the only National Parent Training and Information Center for military families providing support and advice to military parents without regard of the type of medical condition their child has." Has a great listserv for military parents.

STAAR Resources:

The resources on this website provide information to familiarize Texas educators and the public with the design and format of the STAAR program. The information should help educators understand how the STAAR program measures the Texas Essential Knowledge and Skills (TEKS) curriculum standards. <https://tea.texas.gov/student.assessment/staar/>

Texas Education Agency (TEA) and State Board of Education (SBOE)

TEA and the SBOE guide and monitor activities and programs related to public education in Texas. For information: TEA: www.tea.state.tx.us State Board of Education: www.tea.state.tx.us/sboe

2-1-1 Texas

2-1-1 is a free, answered 24 hours a day, 7 days, easy to use phone number staffed by trained professionals that can link you too nearly every service in the state including government agencies, food pantries, career service, after-school programs, counseling services and may other state and local resources. Callers are referred to the best place in their community to get the assistance they need. www.211texas.org/

CHECKLIST FOR PCS MOVES!

DO NOT SHIP WITH HOUSEHOLD GOODS; INSTEAD, HAND CARRY THEM!

- Birth Certificate
- Guardianship/Custody Papers
- Up-To-Date Immunization Records (See appendix, EPISD TEXAS Immunization requirements)
- Report Card
- Social Security Card
- Current Schedule
- Withdrawal Slip (documentation from previous school)
- Attendance and Tardy Records (90% Attendance Required)
- Course Description Book (Recommend copy of all textbook covers)
- Transcript/Course History (with grading system) & Standardized Testing Information
- Special Education Competency Test Scores (if applicable i.e. – IEP), 504/Gifted Records
- Activities Record such as co/extracurricular
- JROTC Records – Recommendations & Medals

Tips for PCS moves when you have special needs

Before you leave:

Appropriate assignment? Be *sure* that the duty station to which you have been assigned is equipped to deal with your child's special needs. *Do your own checking* to see what is and what is not available there. There are many sources available to help you out with this. Link with your EFMP, relocation office and other groups, to get information and to help you formulate the questions to ask.

Contact the receiving EFMP/relocation office to touch base and to let them know you will be arriving, and what your needs may be. They may be able to provide you with some contacts, or information to help you in your transition. Will you require respite care, or specialized day care, while you search for/move into housing? Perhaps they can help with that, or direct you to someone who can. Many installations are going to privatized housing. This may cause challenges in your receipt of SSI or in how your housing needs are met. Check with EFMP on any particular issues or requirements that the housing in the new duty station may have.

Laws and regulations: Are the schools run by local school districts or DODEA? Establish which, and start learning about the laws and regulations that apply at your new location, before you leave. Verify that your IEP is current and that you have talked with the teachers to get their recommendations; if they have them in writing, this will help in making the transition smoother. If the teacher can't write recommendations ask the Director of special services or other team members to do so.

Contacts: Obtain all the contact numbers you will need on arrival at your new location. Unfortunately, you must have arrived at the duty station in order to apply for many things. This means adding these contacts to the huge list of things to do within the first few days at your new duty station. Remember that you will be extremely busy trying to find housing etc. and won't have the time or inclination to be digging out all those numbers, so put them where you can easily locate them.

Medical and Educational Records: Verify that your documentation is in order, and update your home file. Include all relevant documentation. At the very least, you should have your most current IEP, most recent educational evaluation, shot records, and recommendations from the school, as well as copies of any therapy services through TRICARE or the school, and copies of your child's medical records.

Supplies: If your child is on medication and/or requires regular medical supplies/equipment, such as supplemental feeding supplies and/or equipment, please ensure you have a good supply to take when you leave. It may take some time to even obtain a new prescription, never mind to establish a supplier.

What if you do not find one with the products you need right away? Take at least one-month worth of medical supplies of everything; in addition to what you will require while en-route and/or on leave before arriving at the new duty station.

Medicaid and SSI: Eligibility for both Medicaid and SSI varies from State to State. Leaving a State eligible for both, does not guarantee eligibility for either in the new State. Similarly, non-eligibility in one State does not mean there is no way for you to become eligible in a new State. Please be aware that Medicaid eligibility does not carry over from State to State, and you must reapply in your new State. If receiving SSI, inform the local SSI office of your PSC move, to insure continuity of the services at your new location; if going overseas, make sure you receive at least one payment before moving, to continue receiving SSI benefits while overseas.

On arrival at your new duty station:

Once you have established where you will be living, go to your local school district to enroll your child (ren). Take their shot records and a **COPY** of their current IEP(s) to include in enrollment information. Find out who the Director of Special Education is for your district for future reference. You may want to view the class options and to have a short meeting to discuss your child's needs, as quickly as possible. This provides the school with more than just paperwork to get an understanding of your child.

- Call DDD/DMRDD/DMH to let them know you have arrived in the area, to ask what is available and what the eligibility criteria for services are. They will need copies of educational and/or medical records to help determine eligibility.
- Call SSI/Medicaid office to set up an appointment and/or to find out what you need to do to apply, or to transfer your records from your past duty station. Social Security has a national database, so it may only require a transfer of records.

After enrolling with TRICARE at the new installation, make an appointment for your child with Pediatrics. They can then give you the referral you need for a developmental pediatrician, or any other specialty you may require. It is really important that you do this as soon as possible. Just getting an appointment in a regular pediatric clinic can take some time; to get a specialty appointment may take much longer. You need to know if there is a specific doctor who makes referrals for TRICARE therapies. You may need to wait on a provider waiting list. This could mean that there may be several month of wait for therapies. You can speed this process up by making those early calls, following up paperwork, and asking to take cancellations at the last minute wherever possible.

If at any time during your transition, you have questions or concerns, please call the STOMP office at 1-800-342-9647 TTY/TDD: Dial 711 and give the toll-free number 800-342-9647. We would be happy to assist you.

Remember: It is up to us as parents to make the appropriate links. No one knows our children and their needs as well as we do. We are the only consistent factor when a move occurs. The information you are looking for may not be at the forefront of these resources, you may have to dig a little deeper to find what you are searching for, follow links to local resources, and discover what is out there. Last but not least, call the STOMP office!

PROCEDURE TO FOLLOW WHEN TRANSFERRING OUT OF AN EL PASO PUBLIC SCHOOL

- Army Policy (AR 600-8-101) states that all out-processing soldiers with accompanying children/youth will notify public schools of student's departure date, destination, and reason for student's leaving and as much future contact information as possible. All soldiers with school age children will out-process through CYSS Parent Central. Soldiers will need completed and stamped school's withdrawal notice in order to clear from CYSS Parent Central.
- Give the school adequate notice of withdrawal (7-10 days)
- Turn in completed form to one of two CYSS Locations:
 - Bldg. 1743 Victory Road (next to Fort Bliss Inn)
 - Bldg. 503B Room 220, Pershing Road
- Visit school prior to departure to officially withdraw your child
- Contact the School Liaison to assist you when transitioning your child. Gather all information concerning class schedule, process of records, school eligibility and graduation requirements; this information will be invaluable to your child's gaining school.
- Return all books
- Clear all library records
- Clear all charges or fines
- Clear extracurricular activities
- Pick up withdrawal papers
- Contact Army Community Service, Military Home Front at www.militaryhomefront.dod.mil for information on your gaining installation and surrounding communities
- Visit the web page for both the State Department of Education and local County/District School system. **IF** going overseas, visit the DODEA homepage at www.odedodea.edu
- Contact the housing office at the gaining installation to determine the waiting period for on-post quarters. New address will determine your child's home school. If you will be in temporary housing, contact your School Liaison Officer for assistance.
 - Call Fort Bliss School Liaison Office at 915-569-5064 for contact information of School Liaison at next Installation.
- Check the new school calendar for starting and ending dates.
- If you have a child of high school age, get information on the gaining state's high school graduation requirements.
- Hand carry all recommended school records such as: withdrawal papers, birth certificate, health records, social security card, report cards, current IEP, letters of recommendation and all other information related to your child's education. School will give you unofficial copies of all school records for you to hand carry. Please call School Liaison Office at (915) 569-5064 for more information.
