Your voice counts, help improve the services offered  
by your Military Health System.  
You can help make a difference by joining our PFPC.

### **What is PFPC?**

PFPC stands for Patient and Family Partnership Council, where beneficiaries can become volunteers on the council and partner with WBAMC to improve the care and experience for patients and their families.

### **What does the council do?**

The goal is to shape the patient experience at WBAMC and within the Military Health System in a positive way, by sharing experiences that help improve the services offered. Ideas are welcome and your voice matters always.

**Who Can Participate? Patients and Hospital Staff**

**How Do I Join? Contact the Patient Experience Department  
at (915) 742-2692/2508**

We're introducing **ambient listening technology** at military hospitals and clinics to help providers focus more on you and less on their computer screen.

### **What is ambient listening?**

It's a secure voice recognition technology. It will be used as a note-taking assistant to capture important details and help create clinical notes.

### **What does ambient listening mean for you?**

More direct time with your provider. It will reduce keyboard time, so conversation is uninterrupted.

**Providers will ask for your consent** before using ambient listening during your appointment.
