Fort Bliss Family Homes

Dear Families,

We are excited to announce that Fort Bliss Family Homes has partnered with TRO Energy Solutions to bring Charge Time electric vehicle (EV) charging directly to your home. This is an exciting time as electric vehicles are becoming increasingly prevalent.

Currently, these EV charging stations are available to homes with garages. Fort Bliss Family Homes and TRO Energy Solutions are working on mobile charging stations as well, which will be placed in convenient locations throughout our community.

Residents interested in this program can work directly with TRO on the installation of an EV charging station in their homes. TRO offers several packages to suit your individual needs. Enrolling is easy – simply select your package and start the process.

Please contact the community management office if you have any questions regarding this project.

Sincerely,

The Fort Bliss Family Homes team
